Death of Pearly and Goldie.

"Pearly" and "Goldie" were glass-inclosed walls of an aquarium. "Goldie" measured 6 inches from tip of nose to tip of tail, and 12 inches across the widest part of body below the fins. They were brought south by Mrs. Louise Hogan last fall, and had been in apparently the best condition of health for several years. They were happy chums in the world of fish and only a few days intervened between their sudden taking away.
