**Isn't One Roofing Bill Enough?**

Don't buy a roof that's going to keep on costing you money for painting and repairs. Put down a roof that will last—a roof of sound economy.

Barrett Shingles give this kind of roof. They never need painting or staining. Their handsome surface of natural slate in soft red, moss green or blue-black doesn't fade. They will not rot or rust. Their first cost is moderate and that's all there is—there isn't any more!

**Barrett ROOFINGS**

Long experience with roofings convinces us that Barrett Shingles are the most satisfactory for anything like their moderate cost. In addition they're fire-safe—sure protection against flying sparks and embers. Come in and see these sturdy roofings.
