One man present stated that he thought it ridiculous that the state should set up an eight grade school Substitutes: Morgan, Woodall, at Archer Lodge and then only supply seven teachers.

Representative G. Troy Page, asked Superintendent Marrow if the teacher load could be reduced at Archer Lodge and thereby create an opening for an additional authorized teacher. The county superintendent explained that the teacher load in the rural schools is lower due to the population.

"In view of possible aid from the State and Federal government for our schools, I see no need of spending local funds which could be saved, declared Representative Page.

Mr. Marrow agreed that in event of outside aid, local funds would be needed to match State and Federal money.

"It certainly would be appropriate for you to use this money for any lor's sextet with 12 while Mary Ann purpose desired," declared Representative Ronald Hocutt.
