Mrs. Saunders gave a complete explanation of what the Practical Nursing School is required to teach and explained the work which the twelve nurses will have completed when they graduate in June. Other than the facts taught the nurses through textbooks they are required to spend so many hours of the course actually nursing in Duplin General Hospital. The 1963 support price on various grades is expected to be announced in the near future. George Grange, who is in charge of government grading of farm products for the U. S. Department of Agriculture, stated in a meeting in Raleigh, on March 20, that he expected the price support on tobacco grades in 1963 to be more in line with the demand for these grades. Therefore, it is expected that the price support on tobacco graded slick will be lower in 1963.

All farmers will need to do everything possible to produce good quality tobacco this year. Everybody interested in tobacco is invited to attend the meeting at East Duplin High School on April 3.

FLASH!

It was just learned that at a meeting which was held last night in Mt. Olive the decision was made that MT. OLIVE COLLEGE will remain in Mt. Olive.

Trial & Error

Eels are the champion migrants of marine life, says the Reader's Digest. American and European eels meet every spring in the Saragasso Sea. Miraculously they sort themselves out and take the right current to the right continent. American eels take one year to get home, European eels two years.

Received a picture this morning which was too late to get in the papre. It is a picture of Ward Carlton of Warsaw and Bill Bartlett of Bowden loaded down with a string of mullets which they caught off Barnacle Bill's pier on Topsail Island. If the mullet are runnig now, I guess it will be rather hard to locate a fisherman in Duplin County. Everyone of them will be sneaking off to fish for a spell.

The visiting Methodist Ministers have a time getting fed in Kenansville. During last year's revival, it was the minister's fault. They were invited to a certain home for dinner. The preachers got mixed up with "which house", so they went in the wrong house, took their seat and waited for dinner. The Baptist lady was in a state of confusion, and after much straightening out, she sent the ministers to the right house.

But this year it was a different story! The ministers arrived at the right house for dinner. The lady of the house was out in the yard raking leaves and graciously invited them in the house and chatted away. The ministers looked around and sniffed no food, and they figured something was amiss. In short order, they all wound up at Jones Cafe. It is rather unusual that this happened to the same person, both years.

Bear Marsh To Celebrate 200th Anniversary

The old Bear Marsh Baptist Church plans its 200th Anniversary Celebration for Sunday, March 31. Services will begin promptly at 10:00 a. m. Bear Marsh Church is located in Duplin County five miles east of Mount Olive on the Beautancus Road.

An elaborate program has been planned for the day with Dr. Herschel H. Hobbs, President of the Southern Baptist Convention and Pastor of the First Baptist Church. Oklahoma City, Oklahoma as guest speaker.

Dr. Hobbs will be introduced by Marse Grant, Editor of the Biblical Recorder of Raleigh who will also bring greetings from the Baptist State Convention of North Carolina.

The Men of Madison of Goldsboro will render two musical selections and Vernon Jordan of Raleigh is organist for the day. Rev. Joseph O. Stroud, Secretary of the Department of Church Music of the North Carolina Baptist state Convention will also be present.

Former pastors of the church will appear on the program with words of greetings. The pastor, the Rev. R. H. Kelly, joins with the Church in extending to the public a cordial invitation to bring a picnic lunch and enjoy the Worship and fellowship with them.

Rev. Kelly further states that a large crowd is expected and that special parking lot has been reserved for the radio and press Rev. Kelly feels that the church is most fortunate in having secured Dr. Hoggs for the day.

Dr. Hobbs accepted the call to preach at the age of sixteen. He was ordained to the Gospel Ministry in 1929 in Birmingham,, Alabama. He received his B. A. degree in 1932 from Howard College. Southern Baptist Theological Seminary in Louisville, Kentucky awarded him a Masters of Theology Degree in 1935 and invited him to study for a P. H. D. in New Testament Interpretation which he earned in 1938. Dr. Hobbs has held numerous pastorates but his appointment as Baptist Hour pastor in October 1958 marked a new milestone in a life of service to Southern Baptists. Through 484 radio stations, including short wave broadcasts to the most remote regions of the earth, Dr. Hobbs preaches to over 50,000,000 persons per week. In 1960 Dr. Hobbs was asked to take the Baptist Hour appointment on an "indefinite status" or permanently. He renders this service without remuneration.

Dimes Creating Demands-Tar Heel Beef

According to David J. Kilpatrick, Chairman og the Duplin County Cattle for Slaughter Referendum Committee, beef consumption has increased from 80 pounds to 83.4 pounds per person in North Carolina during the last three years. Considering that there are about 4.5 million people in North Carolina, these Dimes have promoted the sale of a lot of beef.

Mr. David John Kilpatrick and other members of his committee, Cecil Kornegay, Dr. Donald Taylor, Joe Williams, Calvin Mercer, Jim Smith and Herbert Best urges all farmers who have cattle, to vote in this referendum on April 9, 1963.

The referendum is whether to continue, or not to continue a 10c per head assessment on all cattle sold for slaughter that is sold for more than $20 per head. This 10c per head is used to promote the sale and use of North Carolina beef.

The N. C. Catlemen's Association has used the money colected in the past to tell the story of North Carolina beef through Newspaper, radio, TV, and through personal contacts at all levels of the beef industry, from production - through consumption.

One of the objects is to get people to realize that, grade for grade, North Carolina beef is just as good, if not better than western beef.

Mr. Kilpatrick says, that all persons who share in the proceeds from the sale of cattle for slaughter are eligible to vote in this referendum, and all members of the committee encourage everyone to vote. They may vote at any of several polling places that will be set up in the county. "This is the cattlemen's own program to help themselves and they would all vote as they see fit," stated Mr. Kilpatrick.
