THOMAS O. SMITH

CAMP LEJEUNE, N. C. (PHINC) Marine Lance Corporal Thomas O. Smith, son of Mr. and Mrs. Walter A. Smith of Faison, N. C., is participating in an extended training course in the Caribbean involving an air-ground team comprised of units of the Second Marine Division and the Second Marine Aircraft Wing.

He is a member of Second Battalion, Sixth Marines, which departed Camp LeJeune, N. C., April 27 for the Caribbean maneuvers.

In addition to taking part in tactical training problems on the island of Vieques, Puerto Rico, he will visit ports of call throughout the Caribbean.

What Questions Vets Are Asking

Here are authoritative answers by the Veterans Administration to questions from former servicemen and their families:

Q-Is age a barrier in serving as a volunteer worker at a VA hospital?
A-No. In fact, some of the outstanding volunteers have been men and women in their 70's and 80's.

Pleasant Grove 4-H

The Pleasant Grove 4-H met Monday night, May 27, at 8 p. m. in the Community building.

Bobby Goodson, president, called the meeting to order. Rodney Sutton led the group in the pledges of the club.

The devotion was given by Ivy Outlaw after which the minutes were read and approved.

A motion was made to go to the cliffs. June 7, on a native hike and have a wiener roast afterward. The motion was carried. A motion was made and carried to meet at the community building at 2 p. m. to leave for the Cliffs.

Mrs. Cecil Kornegay then told the fashion show winners about the County Fashion Show, Friday night at 8 p. m. in the Kenan Memorial Auditorium.

Following the business session, Miss Mary Anna Grady, a teacher at East Duplin High School, presented a talk and demonstration on Physical Fitness.

After the demonstration, there was a short discussion on the amount to be paid on the wiener roast by each person. The meeting was then adjourned.

Such elderly folks usually have plenty of time on their hands and many of them, through wish of their own, have learned to be sympathetic and understanding. Then again, patients accept and look with affection upon the elderly volunteers, maybe because they are reminded of parents or relatives. Ability and willingness to serve are far more important than age.

Q-Is a veteran expected to retire? when he reaches 65 whether he would like to do so or not?
A-That would depend entirely upon the veteran. Many people, because of health or other reasons, plan to retire at 65; many others are both capable and desirous of remaining at their work for many years to come. More and more senior citizens are finding that they have a definite role in the modern world.

Q-I have read that elderly people in general will benefit from the medical research programs carried on by the VA. Isn't it true that only veterans can take advantage of VA Medical and hospital care?
A-Only veterans can directly receive VA hospital or medical care. But advances made in the treatment of illness or disability through VA research are passed on, like all research, to the world and humanity in general is aided.

Q-Who administers National Cemeteries in the United States?
A- (a) The Department of the Army through the Office of the Chief of Support Services of the Army administers 26 National Cemeteries in the U. S. and its possessions. (b) The Department of the Interior through the National Park Service administers ten others. These ten are located in Sharpsburg, Md.; Fredericksburg, Petersburg and Yorktown, Va.; Dover, Pittsburg Landing and Murfreesboro, Tenn.; Gettysburg, Pa.; Vicksburg, Miss.; and a small one in Washington, D. C.

Q-Who administers cemeteries where American servicemen are buried foreign countries?
A-The American Battle Monuments Commission administers the U. S. Military Cemeteries and Memorials on foreign soil.

Q-Can I reinstate my GI insurance?
A-With some exceptions, a policy converted to a permanent plan can be reinstated at any time with evi-

dence of good health and payment of all back premiums with interest. A permanent policy surrendered for cash cannot be reinstated, except for men in active service. Under certain conditions, five-year term insurance can be reinstated only if within the five-year term period, with evidence of good health if lapsed over three months.

Q-As a veteran's widow figuring out my income and estate for purposes of a pension, can I include the unpaid balance due on the family automobile?
Yes, generally any just debt ruled as such by a probate court is also included and considered a just debt by the VA.

Q-Does the VA require a cash down payment to be made by the veteran in connection with a GI loan for purchase of a home?
A-No, but the lender may require one.

Q-May a lender require from the veteran security in addition to the property being purchased?
A-This is between the veteran and the lender. While the Veterans Administration does not require additional security, it does not object if the veteran is willing.

In 1962 Accidents

Shelby Safest City In North Carolina

CHARLOTTE - Shelby was the safest city of more than 10,000 population in North Carolina during 1962 and Rocky Mount was the most dangerous when measured by accepted traffic safety standards, reports the N. C. State Motor Club.

Shelby, with a population of 17,698, was also the largest city in the state with a traffic fatality-free record for last year. Other cities of more than 10,000 which reported no 1962 traffic deaths were: Thomasville, Sanford, New Bern, Albemarle, Elizabeth City, Chapel Hill and Ronoake Rapids.

The motor club's rankings are based on the 1962 registration death rate, which is the number of traffic deaths per 10,000 registered motor vehicles. Cities are ranked by registration death rates - from low to high. When two or more cities have the same rate, ranking is by total registrations - from large to small. The population death rate is the number of traffic deaths per

10,000 population. Rocky Mount, which marked up 12 traffic fatalities in 1962, showed the highest registration death rate of 6.7 and a population death rate of 5.8.

Seven cities, led by Greensboro with 20 closely followed by Ash-

of 7.5, while Asheville ranked last to the bottom with 3.4 and 3.7. Lexington, with 10 fatalities, had the highest population death rate of 6.5 and a registration death rate of 5.8.
