Five Injured In Collision Of School Bus And Station Wagon

A Volkswagen station wagon and a school bus collided on Thursday afternoon on U. S. 117 at the Teaching Center in Duplin County. Five persons were injured because of the wreck.

All five persons injured were in the Volkswagen. They were Mrs. Mary Miles Ligon of 2812 Brook Road, Richmond, Va., 27; Wendell Ligon, 7, Jimmy Ligon 8 and George Wyatt Ligon, 11 months, all sons of Mrs. Ligon; and Miss Sarah

Reed Staples of 2224 Kensington Ave., Richmond, Va. 16, a passenger in the car.

State Patrolman L. C. Jackson said Mrs. Ligon was operating a 1963 Volkswagen station wagon, traveling north on Highway US 117. A 1957 Chevrolet school bus, driven by Edward Earl Costin of Wallace, RFD, a 16 year old negro student at Charity High School, pulled out on the highway in front of Mrs. Ligon. The front end of the station

wagon hit the left front side of the school bus. The Volkswagen skidded around and ran into a traffic island on the left hand side of the road and turned over near a service station at the Teaching Center from the station wagon.

The driver and passengers on the school bus were not injured, and damages to the school bus amounted to only \$35.00.

The Volkswagen was a total loss. The youngest child in the car received the most severe injuries. It is reported he suffered a fractured skull. Five year old Jimmy Ligon received abrasions of the face and chest and a possible skull fracture. Mrs. Ligon received lacerations around the face and possible internal injuries. Miss Staples suffered lacerations on the leg and arm and chemical burns of the left eye. The other boy received only slight injuries.

"Nickels For Know-How" Vote Nov. 19

Research and educational work supported by the Nickels for Know-How program continues to make large contributions to thousands of North Carolina families through community and area development work.

Duplin County Extension Chairman, Vernon H. Reynolds, points out that 92,000 Tar Heel families in 96 counties and over 1,000 organized communities are realizing more and more dividends each year from the "nickels" funds used in community and area development programs.

"These families are the guiding force in the many contributions made through this work in North Carolina," Reynolds said.

Some of these contributions are:

1. Greater understanding of rural peoples' problems and potentialities

by urban people, and vice versa; 2. Better coordination of efforts of farm and business people, county, state, and federal agencies in the total development of North Carolina; 3. Involvement of people and the development of leadership at the community county and area levels.

The achievement realized by these families, who are a part of a strong community organization and program, have come in the form of increased income and a more satisfying rural life, said Reynolds.

North Carolinians themselves are making these many other contributions to their own economic and social progress through their support of the Nickels for Know-How program.

The research and educational program is carried out with funds from a referendum held every third year. Most of this money is a nickel per fan of feed and fertilizer purchased from the Duplin County Extension Office at North Carolina State.

The next referendum will be held Nov. 19.

BRIEFS

HOMECOMING

Homecoming will be held at Sarseta Free Will Baptist Church on Sunday, September 15. Sunday School will begin at 10 a. m. and church services at 11. After a picnic lunch, singing will be enjoyed in the afternoon. Rev. M. E. Godwin, pastor, cordially invites all interested persons to attend.

DOVE SEASON

Dove season begins September 7. The bag limit this year is cut to ten. Shooting hours are from 12 noon until sunset, standard time.

ANNUAL OUTING

B. F. Grady Home Demonstration Club will have their annual family Outing at Tony's Sanitary Restaurant in Morehead City on Sunday, September 15. Dinner will be at 12:30.

CHEST CLINIC

The Weekly Chest Clinic will not be held at Duplin County Health Center on September 25 and 26. Clinics will be held the next week and each week thereafter. This change is due to the fact that the nurses must attend a State Public Health meeting in Charlotte.

POLITICAL MEETING

A Barsett for President rally was held last Friday night at the National Guard Armory in Warsaw. The rally was fairly well attended in spite of many other conflicts.

IN ACCIDENT

Mrs. Christine Williams, Register of Deeds of Duplin County, was in an auto accident on Saturday near Goldsboro. Mrs. Williams' Falcon collided with a '38 Dodge Station Wagon driven by Lawrence Earl Hardy of Seymour Johnson Air Base. The station wagon cut off of the road in front of her with no signal and knocked her about 21 feet, according to reports. Mrs. Williams was bruised quite badly, and is suffering from sore muscles. Hardy was not injured.

MOVED TO CLINTON

Edwin Sheffield, a Ford Dealer in Warsaw, has been transferred from University Hospital at Chapel Hill to the new General Hospital at Clinton.

In FCIC Program

Mrs. Lockamy Rated Among Top 5

Emma Lockamy, Federal Crop Insurance representative for the Duplin county office, is assisting as a special instructor at a FCIC training school for new county office representatives being held at Horne's Motor Lodge in Fayetteville this week.

Mrs. Lockamy was selected as an instructor because of her experience with the program and her outstanding record with the Corporation.

Rose Hill Gets Sewerage Grant

The following telegram was received today from Congressman David N. Henderson.

"Rose Hill's application for public health service grant for intercepting sewer pump station and secondary sewerage treatment plant was approved today. Total cost of the project \$128,500, Federal share \$38,550.00."

This project, when finished, will complete the sewer system for Rose Hill, which has been worked on for the past few years.

Sunday Is Day Of Kenansville Baptist Homecoming

Sunday, September 15, 1963, is Homecoming Day at the Kenansville Baptist Church.

The festivities of the day begin at 10:00 o'clock with Sunday School. Special functions are prepared to make the day more enjoyable and inspiring. The food and fellowship enjoyed at the noon hour is always a treat to remember.

A cordial welcome is extended to the friends of the church every where.

Two Men Held For Rape

Leon Redding Cole, 31, of Wallace and Leslie Foy, 30, of Willard, Route 1, are being held in Duplin County jail without privilege of bond for the alleged rape of Mrs. Jerry Boone of Warsaw, who is 18 years old. The alleged rape occurred in Wallace in a vacant house.

At a hearing held before Mayor Ed Strickland in Warsaw on Saturday afternoon, September 8, Mrs. Boone, who has been married for 3 years, told the following story.

On Monday night, September 2, she came home from work as a nurses aid at the local Hospital about 11:30 p. m. and had taken off her shoes and was watching television. Cole and Foy knocked at the door and asked her to go off with them. She told them she could not go. She said one man took one arm and one the other and took her down stairs to the car and took her

to Wallace. She said a third man was in the car, but he got out at the warehouse in Wallace.

According to reports at the hearing the two men took her to a vacant house. One man pulled off her clothes, and one man and then the other raped her until about 4 a. m. Then they took her back to Warsaw and put her out of the car about one-half block from her home.

When she arrived at her home her husband, father and a policeman were trying to find her. A warrant was sworn out for Leon Cole by Mrs. Boone. While the hearing was taking place on Saturday, Foy walked in at the hearing and Mrs. Boone identified him, after which a warrant was sworn out for Foy. Both men are charged with rape.

Mr. and Mrs. Boone moved to Warsaw about three weeks ago from Rose Hill.

tion. She is rated as one of the five top county representatives in the state.

The School - under the direction of Julian E. Mann, FCIC State Director - will demonstrate methods of improving the service provided the farmer by the Corporation.

Emphasis will be placed on the prompt handling of loss notices and adjustment procedures. This phase of our operation, explained Mann, is of major interest to the farmer now that he is nearing the end of his harvest.

Crop Insurance is a program of the United States Department of Agriculture. It offers farmers a self-help method of insuring their crop investment against a loss caused by a natural hazard.

Added to the staff in the Duplin County Superintendent of Schools' office is Billy Murphy of Charity. Murphy is a full time Attendance Counselor.

Murphy stated that he would work with 3 schools a day an dget around to each school once every two weeks.

This is the first time Duplin has had a truant officer in at least 15 years. "The main excuse for school absences is sickness, and a few other excuses are acceptable such as death in family. However such excuses as going to the tobacco market or going shopping will not be tolerated" Murphy stated.

He resides in Faison with his wife and 14 month old daughter.

Truant Officer For Duplin

Mrs. Ruby Korngay clerk at the Duplin County Board of Health, has been very unhappy this week. Stray dogs killed her three white ducks. She has a small pond in her front yard and the ducks made a picturesque scene, swimming around in the water.

The following article was given to me by Mrs. J. D. Korngay this week, and it is most interesting.

"Will History Repeat?" - read it and see what you think.

One of the most widely read books of all times is "The Decline and Fall of the Roman Empire." Written in 1788 by Edward Gibbon it sets forth five basic reasons why that great civilization withered and died. These were:

1. The undermining of the dignity and sanctity of the home, which is the basis for human society.
2. Higher and higher taxes; the spending of public money for free bread and circuses for the populace.
3. The mad craze for pleasure; sports becoming every year more exciting, more brutal, more immoral.
4. The building of great armaments when the real enemy was within the decay of individual responsibility.
5. The decay of religion; faith fading into mere form, losing touch with life, losing power to guide the people.

The off-heard warning that "history repeats itself" has an ominous meaning in the light of the above.

IT DEPENDS ON YOU! The average age of the world's great civilizations has been 200 years. These nations progressed through this sequence:

1. From Bondage to Spiritual Faith
2. From Spiritual Faith to Great Courage
3. From Courage to Liberty
4. From Liberty to Abundance
5. From Abundance to Selfishness
6. From Selfishness to Complacency
7. From Complacency to Apathy
8. From Apathy to Dependence
9. From Dependence Back Again to Bondage

In 14 years the United States will be 200 years old. This cycle is not inevitable - IT DEPENDS ON YOU.

County committees will sponsor special events and homes for the aging will hold open house. This week will stress further study of the needs of these older citizens and the provision of more opportunities for community service, for suitable living arrangements, for employment opportunities, for recreation activities, for Social Security and other benefits for the aged citizens.

New Home Ec. Agent Negro Work

Miss Alice L. Chestnutt of Farmville, North Carolina has accepted the position as Home Economics, Agent Negro work for Duplin County. The 1961 North Carolina College graduate met with the Board of County Commissioners last Monday and received their approval. She will assume duties October 1, 1963.

Miss Chestnutt has been assistant Home Agent for Edgecombe County for the past two years. The County has been without the services of a Home Agent for the past year, according to R. E. Wilkins, Extension Agent for Duplin.

She will work with Home Demonstration Clubs and 4-H work. She will live with Mr. and Mrs. Thomas Roberts of the Stanford Community.

Educational Loan Program Aids Many Farm Children As Offered By Duplin Production Credit Asso.

Many a rural boy or girl has gone on from high school for college education that prepare them for any of a variety of professional and public careers.

Many have trained themselves for modern agricultural operations and home economics.

In either category, the individuals and the nation as a whole have benefited. But it must be acknowledged, too, that many such young persons, earnest enough and with promising abilities, have been unable to finance themselves through schooling beyond public high school.

This year, the Production Credit Associations have inaugurated an educational loan program for farm families that promises to fill this gap for many. The plan will make it possible for parents, or other interested sponsors, to set up a joint loan fund for the student, in full amount to cover expenses, and with disbursements and repayments tailored to meet schooling needs and farming patterns.

NO SECRET

"The need for such financing had long been known to us," said Garland P. King, General Manager of the Duplin Production Credit Association, recently. "We have, of course, made many loans to farm families in the past which included specified amounts for schooling needs. But the comprehensive loan-

fund plan, as now set up, was several years in the planning."

Briefly, the plan works like this: Assuming the student's four years in college will cost \$1,200.00 per year, a \$4,800.00 education loan is set up for parents (or other sponsors) and the student, as joint signers. Disbursements are made as funds are needed and interest accrues only for the amount drawn, and for the time it remains outstanding. Meanwhile, during the four-year run of the fund, repayments at the rate of \$300.00 per year (or one-fourth of principal used the previous year) begin with the second year. At the end of the fourth year, when the student normally would have completed college, \$900.00 has been repaid on the total loan, leaving a principal balance of \$3,900.00. This would be repaid over a three-year period - either by the student, by then employed, or by the sponsors.

Such figures merely illustrate the loan plan, King explained. "The amount, more or less," he said, will depend upon the student's plans

ASC Committeemen Responsibilities

Farmers in Duplin County will soon have their annual opportunity to choose the best men available to serve as ASC committeemen. The elections of Agricultural Stabilization and Conservation (ASC) community and county committees are held once a year throughout the country. In Duplin County, the community elections will be held by the polling place method on September 17.

"By helping select the most able, energetic, and forward-looking farmers for committeemen, farmers themselves take a major step to assure good service to themselves and their neighbors, and sound administration of ASCS farm programs in the community and county," said G. J. Holland, Chairman, ASC County Committees, points out.

Lura Penney Chosen College Counselor & Sec.

Miss Lura Penney, of Kenansville, is one of the upper classmen at Meredith College, Raleigh, chosen as college counselor on the campus for a pre-registration period of new-student orientation. Fall term classes open at Meredith on Sept. 14.

Miss Penney has been elected to the executive council of the student government association for the year 1963-64. She will serve as secretary of the judicial board.

Acting on a request from leading export buyers, the Bright Belt Warehouse Association sales committee agreed to the shorter hours. Imperial Tobacco company, a leading export buyer, said it is facing saturation in its re-drying plants and that it had to have relief or curtail its buying.

Markets affected are on the Carolina Border, Eastern belts. Regular sales will resume Tuesday of next week.

The sales committee will meet again Saturday to study the situation to determine if further action is necessary. At least 72 hours notice is required before any change in the schedules can be put into effect.

Tobacco Market Selling Hours Cut

Warehouse sales of tobacco on three marketing belts will be curtailed for four days beginning Wednesday of this week. Sales will be restricted to four hours daily during that period reduced from five and one-half hours.

Sept. 15-21, Special Week On Aging

Governor Terry Sanford has designated the week of September 15-21, 1963, as the Special Week on Aging. The Special Week, sponsored by the Governor's Coordinating Committee on Aging, is set aside each year to honor the aging within the State.

Needs and opportunities for North Carolina's approximately 335,000 re-tirees who are 65 years of age or older will be highlighted during this week.

County committees will sponsor special events and homes for the aging will hold open house. This week will stress further study of the needs of these older citizens and the provision of more opportunities for community service, for suitable living arrangements, for employment opportunities, for recreation activities, for Social Security and other benefits for the aged citizens.

No Grazing Yet Diverted Acreage

Chairman O. L. Holland of the county Agricultural Stabilization and Conservation Committee today warned Duplin County farmers that grazing or other use of acreage diverted under the feed grain, wheat stabilization, or conservation reserve program is not now permitted.

Any use of these diverted acres in Duplin County could result in a loss or substantial reduction of payments due for taking part in any of the crop reduction programs.

While provisions restricting use of acreage put into conserving today have been relaxed in some parts of the state because of short food supplies, Duplin County is not one of the counties that has been designated as a part of the conservation area.
