Smith Tri-County EMC Meeting Tomorrow Night

Tri-County Electric Membership Corporation will hold the second in a series of community meetings in the Smith community in Duplin County Friday night, (tomorrow) January 10, 1964, at 7:00 p.m. The meeting will take place in the Smith Community Building and will be similar to the one held at Potter's Hill on December 20, 1963.

Featured on the program will be a new color motion picture, "On the Line," narrated by NEC NEWSMAN Chet Huntley. The film tells of the Rural Electric co-operatives' role in present-day rural areas development.

Wilson Rowe, Tri-County Electrification Advisor, said he and Emmitt Rogers, Smith Community Club's President, had discussed some projects in which Tri-County EMC and the Smith Club would work closely during 1964. "I think the showing of this film is a good way to show what can be done, and to get the ball rolling on some good community projects in the Smith Community this year," Rowe said.

In addition to the showing of the film at the Smith meeting tomorrow night, Tri-County Electric Membership Corporation District Director...

Women And Legislature Before Voters Tuesday

The present law provides that a wife can disinherit her husband by her will. However, a husband can not disinherit his wife. A proposed amendment to be voted upon Tuesday, January 14, will abolish the wife's right to do this.

At present, a single woman who owns property needs no one's signature to dispose of it, but a married woman owning property must get her husband's consent to sell it. She can not sell it, give it to charity or give it to a relative without the written consent of her husband. Yet, a husband can dispose of property he owns without his wife's consent. This is to be changed Tuesday.
