

INDUSTRY

SETS THE PACE FOR PROGRESS

The industries of America are the great pulse of our free enterprise system. Our progress in industry has paralleled our country's rise in world industry and is a forerunner of a better standard of living rise in world prominence. Each step forward in our local industry is a forerunner of a better standard of living for all.

OUR FAITH IN WALLACE

and this progressive area has been demonstrated by our extensive expansion programs.

It is our hope that the years to come will be even more progressive.
