The N. C. Eastern Press Association met the past week end in Ahoskie and at Chowan College in Murfreesboro. The meeting was most worthwhile and interesting and stressed new trends in printing equipment.

We toured the school of printing and saw the new Elektron which is more or less an automatic type-setting machine fascinating - and the Eastern Press helped with the purchase of the machine. We also saw the large new Offset press in the Parker Bros. Shop, in Ahoskie.

But most amazing of all things that I have ever heard was the explanation of a Com-puter. Three men from the IBM organization were invited guest speakers and they ex-plained the work or capability of the Computer. This all sounds like a fib, but if it is, they told it. One machine can serve about ten papers. If I were hooked up with a machine of its type in Raleigh, I could sit here in Kenansville, dial the computer direct, the computer answers the phone, we could punch the tape in Kenansville, the machine in Raleigh would pick up the in formation, set, hyphenate and justify the type at the rate of 1000 words per second, the finished work would be returned to my office and pasted up in the paper. The said the machine could

actually talk. It has a vocabu approximately 100 lary lo words.

Eevryone in the group sat spell bound while the information was being given. I had to pinch myself to see if I was dreaming. It gets to be rather rough when machines have more sense than humans.

It has recently been called to my attention that we have a public health service in Duplin that many people do not know about, and are not using as they 8 One of the services provided

# Second Polio Clinics Sunday P.M.

Duplin citizens can again avail themselves of lifetime protection against a strain of poliomyelitis Sunday, May 17, from noon to 5 p. m.

This time Strain II will be offered. It will be given in the same manner as Strain I was administered - three drops of vaccine on a sugar cube for children and adults and three drops in the mouth for infants. The lines will move faster this time if you will remember to bring the card that was given to you last time. You will not have to register again. Registration slowed the lines somewhat before, but all holding cards this time will bypass the registration desk, simply be counted and fed the vaccine sugar cube, have your card stamped and be checked out. Some 20,000 took the vaccine in the clinics on April 19 and are protected against Strain I. Now, let's knock out Strain II Sunday. Strain III will be given in a couple of months, announced Dr. Corbett L. Quinn, Information Committee of the Duplin County Medical Society, Clinics will be held in the the same locations as before -Wallace, Rose Hill, Magnolia, Warsaw, Faison, B. F. Grady, Beulaville, Chinquapin and Kenansville.

The clinics are made possible by the Duplin County Medical Society with the cooperation of pharmacists, nurses, civic organizations and many teenagers, who donate their assistance and time. One or more doctors will be at each of the nine clinics.

#### C. D. McCullen **Gets** Contract For New Faison Post Office

James E. Faison, postmaster at Faison, has received notice from Postmaster General John A. Gronouski that a contract has been awarded to C. D. Mc-Cullen, Box 155, Faison, to build a new post office there for lease to the government.

A charge of 25c per dose is made to help offset the high cost of the vaccine (nearly \$14,000), but no one will be denied vaccine because of inability to pay.

The doctors urge you to come and bring your whole family and to ask your neighbors to come. It is hoped that at least 25,000 will visit the clinics Sunday.

For the folks who are planning to attend the Memorial Program at Chapel Hill for President Kennedy, the oral polio clinic will be set up in the County Health Department at Kenansville from 8 to 10 a. m. on May 17.

## Democrats Hold Enthusiastic Convention

The Duplin County Democratic Convention Saturday morning was enthusiastic and harmonious and gave great promise for a good year for the Democrats.

Some 150 of the true and loyal met in the courtroom from 17 of the 20 precincts of county.

A warm and cordial welcome was extended by F. W. McGowan, chairman of the County Democratic Executive Commitfollowing the invocation tee, following the invocation by O. P. Johnson, superintendent of Duplin schools.

W. C. Blossom, a Wallace attorney, was elected permanent chairman and Mrs. Christine W. Williams, resigter of deeds, permanent secretary of the convention.

Harvey R. Braddy of Rose Hill gave the report of the resolutions committee, complimenting the officers of the Party and pledging allegiance to the Party. The report commended the leadership of Governor Terry Sanford and our own Dr. Dallas Herring in the educational advancement of the State H en the Third District Congressman, a Duplin native, Hon. David N. Henderson, and our great President, Lyndon B. Johnson. Resolutions of respect for President John F. Kennedy and other deceased Democratic leaders were presented. The convention adopted all the resolutions presented by the committee unanimously.

# Swaps 18 Mos. In Prison For Cadillac Left Behind

Two white men broke the hasp on the double doors at the front of the Beulaville FCX Store back around George Washington's Birthday, and were seen by watchmen removing a television set from the store. The surprised men were ordered to halt, but instead of halting they dropped the set and fled on foot, leaving a 1953 Cadillac tudor and a coat behind. The watchmen fired a load of No. 6 shot from a 12 guage shotgun at the fleeing pair, but they only picked up speed.

Tuesday, Judge William J. Bundy of Greenville, presiding over a week's Criminal Superior Court, gave John Alton Sumrell, 31, 18 months in State

#### prison for the offense and his partner, John Charles Hardison, a three-year suspended sentence and probation for five years. The Cadillac was returned to Sumrell's wife. Both men are from Kinston.

Today, George Bennett, un-der \$7500 bond, for two counts of murder and one charge of assault with a deadly weapon with intent to kill, goes on trial. He is charged with killing Eddie Nelson Southerland and Jasper Franklin Taylor, Jr. on January 19, 1964 and intending to kill Billie Ray Bell in the doorway of his house near Blizzard's Store in upper Dup-

## **One Bad Apple**

It takes only one bad apple to spoil the barrell and one run-down home to ruin a neighborhood.

Which means it is everybody's job during our Clean-Up-Paint Up-Fix Up Campaign to appoint himself a committee of one on civic beautification and improvement. Do whatever is needed to put your home in first class shape and see how your neighborhood sparkles.

Excuses like "I don't have the time"-"it costs too much" - "maybe I'll get around to it later" - only postpone the day when the job will be much harder and the expense greater. Neglect now of needed repairs and repainting can lead only to more extensive damage with the inevitable depreciation of the value of your home and your neighbor-hood. Try matching that against a small ex-penditure of money and effort NOW.
