Warsaw Man Goes Free After Killing Nephew

A Warsaw Negro was given a directed verdict of not guilty by Judge William J. Bundy of Greenville in Superior Court Thursday of a charge of stab-bing and killing his nephew.

Bernice Hodges, 26, was charged in the death of Willie Lee Hodges, 23, his nephew. The stabbing occurred at the home of Went Hodges, Bernice's father and Willie Lee's grand-

It appears that Bernice and his wife and Willie Lee and his wife had been to Warsaw on Saturday night, May 2, and returned to Went's home about 10 o'clock, Bernice lived with Went, but Willie Lee lived nearby. About an hour later, he returned to Went's home and en-tered the bedroom where Ber-nice and Bernice's wife were sleeping, claiming they were taking up for his (Willie Lee's) wife. A heated argument resulted and a case knife dual resulted. Bernice struck Willie Lee in the groin, severed an artery, and the man bled to death soon after Bernice de-

livered him to the hospital. The evidence tended to show that Willie Lee was the aggressor and Bernice was defending his person and family in his home. Bernice appeared to have a good character while Willie Lee was alleged to be a

trouble-maker. Albertson investigated and Bernice had been held in jail without privilege of bond.

You Can Leave Off The "S"

Back in 1838, 126 years ago, a Wilmington paper carried the item, "The Wilmington and Raleigh Railroad is now open to the depot at Mrs. Teachey's, 42 miles north of Wilmington, and the cars will run regularly to that point." Mrs. Teachey was Mrs. Mary Holmes Teachey, widow of Captain Daniel Teachey, and the depot was in what is now the Town of Teacheys.

For a century and a quarter, the town has been known as Teacheys and the post office for 106 years has used that spelling. Now, reformers, dogooders, changers for the sake of change, have had the historic spelling changed to Teachey.

Postmaster John B. Kilpatrick tells us that he received official notification from the Post Office Department Friday that the "s" will no longer be used in spelling Teacheys, but henceforth the correct spelling will be "Teachey"

Lights Out For 5 Hrs.

Power was off some five hours in the Kenansville and Beulaville areas Monday morning because Robert Gaetano Scognamillo went to sleep and knocked down a power pole electrical energy for this area.

The mishap occurred 2/10 of mile west of Kenansville on Highway 24. The 1957 Chevrolet was demolished, but the 5 passengers with the 18-year-old white Charlotte Marine escaped serious injury, and only one, with a cut wrist, required treatment. Scognamillo said that he took the wheel at Clinton, just went to sleep at 1:55 a. m. and awoke just before he hit the pole.

Patrolman Ward Kellum. who investigated, said there was no evidence of excessive speeding and no skid marks. Scognamillo was charged with driving on the left side of the road.

Investigation continues by Patrolman Kellum of an accident on rural paved road1478, 21/2 miles northwest of Kenans ville at midnight Saturday when a 1956 Ford was totally destroyed belonging to John Jr. McKiver, Warsaw. McKiver apparently was not in the car driven by Jimmy Wayne Smith of Kenansville. Mr. Waller was going east. Damages to his car mostly front grill, was

approximately \$200 and

Moore's Ford was damaged some \$600. Moore lost control of his car at the impact and it skidded around striking a 1960 Chevrolet milk truck belonging to M. G. Cording & Sons which was parked in front of the IGA Store, doabout \$150 damage to side of truck. Paul Baker was stopped in the drive just north of the store in his 1964 Thunderbird waiting to come into Highway 11, when Moore's car still out of control, struck the front of Baker's car with damages of
