

KENANSVILLE, N. C. THURSDAY, JUNE 25, 1964

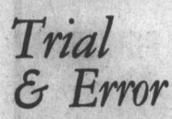

VOL. XXXI NO. 26

Flue-Cured Stabilization. Stockholders **Meet Tomorrow**

The Annual Sstockholders meeting of the Flue-Cured Tobacco Cooperative Stabilization Corporation will be held in the Carolina Room in the Memorial Auditorium in Raleigh on June 25 at 10:00 a. m.

This year's program will be devoted entirely to the affairs of Stabilization Corporation. President Carl T. Hicks and the General Manager will make their annual reports to the membership, Current conditions as they are related to the price support program will also be discussed

All tobacco growers are ur-ged to attend this meeting.

Don't forget to go to the polls Saturday and vote! This is an important issue for the people on North Carolina. And maybe after Saturday, the subject of conversation will change to something else besides politics. It is interesting, but it gets long drawn out and confusing. But it is good to see that the people of Duplin County take so much interest in the prob-lems of the state, and the choice of our Governor.

Last week Mrs. J. E. Ander-son, the former Sallie Gibbs Pridgen, visited the Duplin Times office. Sallie Gibbs was an assistant in the Clerk of Courts office in Duplin County several years ago. Mrs. Anderson now has five children, and one has graduated from college and is touring Europe this summer. Sallie has gone back to college, has her Master's degree and is teaching French and English, and I believe she also said Spanish, in one of the

explained Morgan.

would support it.

Supporters of "Moore For Governor" turned out at Carlton's Crossroads near Warsaw in big numbers to hear Robert Morgan of Lillington speak in behalf of Moore on Tuesday night. Morgan was a campaign manager for Dr. Lake in the May 30 Democratic Primary.

Robert L. West, attorney of Warsaw, was MC for the occasion. Senator Morgan was introduced by A. Mitchell Britt of Warsaw

Morgan, an enthusiastic supporter and speaker for Moore stated that the friendship of Judge Moore and Dr. Lake did not begin after the first primary. They had been friends for many years. Judge Moore has stated according to Morgan, that there will be no Lake Moore Democrat but Nor they will all be "good Democrats after the election". Morgan stressed the necessity of putting Government back in the hands of men of integrity with strong convictions and

strong principles. A strong plea was made by Morgan to the people in an effort to get some of the false rumors which have been circulated about Gubernatorial Candidate Moore straightened out. Morgan accused the papers of not giving coverage to Moore except through paid advertising, and referred to the "Vici-ousness" of one of the state papers comparing to the cam-

Biberstein Retires As SHC Engineer

Richard V. Biberstein, division highway engineer, retired Friday after more than 43 years service.

Some 550 people from Duplin, Pender, Onslow, Sampson, Bruswick and New Hanover Counties - the six counties under his direction - attended ceremonies honoring Biberstein which were held in the State Highway Commission maintenance building at Wilmington.

W. F. Babcock, director of the State Highway Commission, came from Raleigh to offer his personal congratulations to Biberstein.

His successor will be Paul J. Dupre, formerly assistant division engineer.

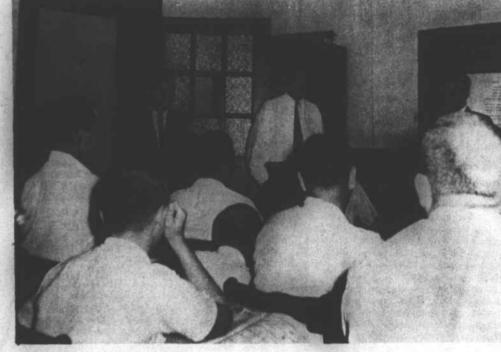

Wallace Officers Attacked **Making Arrest**

Gordon Whitaker, 22, and Tom Rich, 36, two Wallace policemen, were roughed up in a melee in the Negro business district of Wallace Saturday evening.

The two officers had arrested Edward Baysden of Wallace for public drunkenness. There were some 4 to 5 hundred negrees on West Boney Street, one block south of the main business in Wallace, at the time, which is not unusual. As the officers were taking the resisting Baysden to the patrol car. another Negro jumped on Whitaker's back censing Negro, identified as Ruben Lee Boney of Pender County, continued to strike and pommel the officer. It is said that other Negroes crowded around, shouting insults and indecent remarks, and kicking the fallen officer in the ribs and on the body.

Deputy Sheriff Snyder Dem psey and Bill Sholar, Island Creek constable ,arrived on the scene and helped conquer Baysden, who was charged with

ville, Magnolia and Rose Hill, is fighting to retain his title against contender J. A. (Albert) Pope. In the primary on May 30th, Pope received 602 votes against Stroud's 515. Paul Ed Dail received 356 votes for this post, coming largerly from Kenansville Township, W. H. (Bill) Fussell received 200 votes, mostly from Rose Hill Township. Both candidates are now trying to hold to their first primary votes and pull over as many of the 556 votes cast for Fussell and Dail as possible

In addition to this race for commissioner, Rose Hill Township has a runoff in the constable race where the incumbent, Benny Rich, is challenging the high man of the first primary, Lonnie Casteen

Island Creek Township has two local races, one justice of the peace and one for constable. R. Frank Maready came out second to Bill Sholar in the May 30th constable contest in which there were five contestants, and asked for the runoff. Each township is allowed three justices of the peace. but only two were able to gar ner a majority of the Island Creek vote in the first contest. Bob Powell and Gene Kelly. Garland Kennedy challenged the third man, Seba F. Dempsey, to the runoff.

In the Limestone Township constable race E. Hampton Kennedy received 501 votes in the first primary to 289 for Tom Lanier and 218 for Herbert Penny. Lanier asked for a second chance against Kennedy. Three ran for constable in Faison Township, but none received a majority, so N. L. Tadlock will run Saturday against Jimmy Kelly, who was high man in the first primary, The combined Moore and Lake vote in Dunlin was 2 to 1 against Preyer for governor in the first primary with a total of over 8,000 votes cast. Observers say that there will be fewer votes cast this primary than last, but the odds will remain about the same, as it is expected that most of the Lake vote will be cast for Moore.

Kenansville P. O. **Dedication July 5**

the new Kenansville post office

The new \$43,000 modern building, with 4408 square feet of floor space and 7,500 sq. ft. for parking and postal vehicles, was first occupied April 29. It was constructed by Mrs. Nannie G. Brown for lease to the government. Music for the dedication ceremonies will be furnished by an Army band from Fort Bragg .address will be made by Hon, David N. Henderson, Third District Congressman, and Hon, E. D. Huthnance, pos-

the Kenansville Fire Department and Auxiliary and Rev. Lauren R. Sharpe will be mastetr of ceremonies. Others on the program, will be Rev. J. P. Pega, Methodist minister; R.

High Schools of Orange County.

These women who go back to college !! My sister, Mrs. Charley Brown of Norfolk, has been married for quite a number of years and has not taught school since. Her boys are both in college now so she decides to go back to school. Last Sunday night she received her B S. degree from Old Dominion College in Norfolk and already has a job for next year teaching in the Norfolk City Schools. I will surely take off my hat to her-for she really worked for the past two or three years. I took her on a trip with me one time and she didn't even know where she had been as her head was buried in a book the entire time. Before marrlage she was a teacher in the Calypso School in Duplin Coun-

This is strictly for women. Why don't we appeal to the Government, the manufacturers or just somebody - just any-body about the problem of zippers on womens dresses. Why do the zippers on women's dresses have to be in such inconvenient places. Coudn't a dress be attractive with a zipper down the side, or in front or just anywhere besides in the back.

For women with husbands or hildren at home, I guess the problem is not quite as acute. But for the rest of us - my odness. How about a hot anday morning, when foundaion garments are a must, and esses are a bit tight. A deep dresses are a bit ticht. A deep breath "in" gets the zipper started, balf-way up it gets hung, pull, tug., stand on your head, do a back bend-nothing will unlocke that caught zip-per. A feeling of claustrophobia creeps over you, prespiration destroys a good job of make-up, nervous tension when the church bell rings, causes you of seem to get larger. When every trick has failed to loose the sipper and you sit down to cry. oper and you sit down to cry, e darn thing slips just as in-incently as if it hadn't been

ing arrest. Boney escaped, but was apprehended by Pender officers and turned over to Duplin officers being charged with assaulting an officer and interfering with police officers in line of duty. Both are in the county jail at Kenansville awaiting trail at the July term. of General County Court. Bond was set at \$200 for each man.

J. B. Stroud **Named District** Commissioner

J. B. Stroud of the Duplin County Board of Commissioners was named District Director of District III of the N. C. Association of County Commissioners at a meeting of the State Association held at Morehead City last week.

Tobacco Measurement

County A. S. C. offices still unable to mail notices of excess tobacco acreage. However if you will contact your county office they can tell you what your measured acreage is. Then you can request re-measurement of disposition of the

position of excess tobacco acreage begins on Wednesday, June 24. The county office will be open on Sat-urday, June 27 for the convenience of the farmers.

BRIDE-OF-THE-MONTH June brides have been registering with the paper for several weeks, From the names of registrants received, one name will be drawn and that person will be designated as Duplin's Bride-of-the-Month and will receive the gifts offered by

public drunkenness and resist-Democratic nomination for governor in the primary on Saturday, spoke to a group of several hundred suporters at the Beulaville School ball park Tuesday night.

Mayor Gerald Carr of Rose Hill introduced the candidate to the group.

Preyer outlined a five-point attack on the tobacco problem. "I will us my experience as

a lawyer and judge to do all in my power to fight the Georgia-"lorida decision, working this summer and not wait until after the November election," he said.

He warned of the heavy surpluses as being a real threat to the program and suggested that "tobacco market hunters" be sent out to other nations to reduce the 31/2 years supply we have stored. Research facilities were ad-

vocated by the Judge to test fully the effect of tobacco on health and to rid the plants of any harmful effect, if such exists.

Heavy Rainfall Beulaville Area

A storm that dumped heavy rain on the Beulaville area Monday morning probably caused some damage from washouts and gullies and wet floors. but, no doubt, made many the pound of tobacco.

The storm, accompanied by sharp lighting and heavy thunder, lasted about four hours, beginning about day, but most of the rain came within an hour and a half and measured some 41/2 inches. It came down so rapidly that it ran over the curb on some streets and swept through several stores. In nearby Kinston, passers said that nearly 7 inches of rain fell at this same period cars stalled on some treets. Water was four feet p in Kinston's new post oflice building where a stopped drain pipe caused the rain to back and fill the building. Many streets had to be closed because of the high water.

aid in securing full benefit of the price support. New ideas and approach were needed in the tobacco program, and he promised to work toward these improvemens in every way possible. Judge Preyer told his listeners that he was running cd a

program similar to the Kerr Scott program, a program which considered farmers, roads and the REA. He claimed that such a Scott program was not run by chain bankers, contractors and lobbyists.

> Warsaw Guard Receives Superior Rating

> The Warsaw National Guard Unit, Company C, 6th Battalion, 119th Infantry, under the command of Captain Harvey C. Allen Jr., returned to its station Sunday following two weeks of training at Fort Bragg. The Warsaw unit is split with the Dunn National Guard and the two make up the complete infantry rifle company.

The unit received a superior rating on all phases of training and activities and was the only company within the Battalion to receive this high rating. All training was conducted under simulated tactical conditions and training was conducted on squad, platoon and company level. Range firing was condu cted by crews of the crew type weapons and high scores ob-tained from this firing. All phases of training were closely evaluated and graded each day by active army officers from the 82nd. Airborne Division-Filler personnel was assigned to the unit from the Army Reserve, thereby increasing our fighting strength and the com-pany functioned as seasoned troops

Field Day

A tobacco field day will be held at the Central Crops Research Station, Clayton, North Carolina, on Friday, July 3. from 2 to 5 p. m. The Experiment Station is located on Highway U. S. 70 just west of Clayton. Some of the subjects to be covered at the Field Day are

1. Chemical weed control in tobacco.

2. Old and new varieties.

Subsoiling.

4. Fertilizer placement. 5. Fertilizer adjustment for leaching.

6. Soil fumigation for nema tode control in tobacco.

All Duplin County farmers and others interested in the tobacco crop are invited to attend thi sfield day.

Swimming Pool **Stock Or** Memberships

The hot summer days are making the Rose Hill pool a most popular place. Both adults and children are flocking to the recreation center in increasing numbers for a refreshing swim.

The center is owned and operated by the Rose Hill Pri-vate Park Development, Inc. There are still available, a limited number of shares of stock at \$100 a share, with current annual dues of \$37.50. The corporation has a fixed number of stock certificates to sell and when these are sold, no further stock will be issued. The pool also has a few oneyear memberships at \$37.50 for the 1964 season

Interested persons should call either 289-3425 in Rose Hill or AT 5-3224 in Wallace or stop by the office of E. G. Murray, Jr. in Rose Hill.

All persons applying for a share of stock or a one-year membership must be approved by the directors of the de-

opportunity to decide between Clifton Blue and Robert Scott for the second State position of lieutenant governor. In the first primary, Blue trailed Scott by about a thousand votes and John Jordan received a thousand, so Blue would have to garner all of the Jordan vote in order to break even with Scott in Duplin. Blue, however, has been campaigning hard on the theme that he is experienced as a legislator and speaker of the House and that folks should vote for an experienced man against one of inexperience rather than just voting for a name.

Duplin voters will have an

Since there are local contests in nearly half of the precincts of the county there may be enough interest manifested by the contestants to get out i fair vote, especially in view of the intense interest generated by the gubernatorial struggle.

Beulaville Licenses

At a recens meeting of the Town Board of Commissioners of Benlaville, an ordinande was passed that each person oper-ating a business in the town of Benlaville shall buy a Privi-lege License. These license may be pur-chased at the Town Hall. Please do so before July 31, the town officials request.

services, from approximately 8:30 to 10:00 P. M. The public is cordially invit-ed both to the services at the church and to the reception. The Commission, appoint-ed by the Wilmington Presby-tery, includes Rev. E. G. Com-

the spensoring merchants. The name of the Bride-ofthe-Month will be announced in the next issue of the paper on July 2.

excess acreage. Re-measurement and dis-
