Mother Nominees Ask For Prayers

asked to be responsible for

forming prayer groups in nei-

ches during this week. All interested persons or groups who share this concern are in-

vited to participate in a group or through individual daily

prayer during this designated

week.
The American Mothers

Committe is sponsoring a Year of Prayer for our homes,

our country and the world. Each state has been assigned a special week to form a chain

Developing and strengthen-

ing the moral and spiritual foundations of the American

home is the primary purpose of the organization of the Ameri-can Mothers Committee, with

which the North Carolina State

Mothers Association is affiliat-

ed. Strengthening the founda-tions of home life NOW can

do much to solve the youth pro-blem of the future. The basic

cornerstones adopted by the American Mothers Committee

that strengthen the foundations

of American family living are:

DESIRE - the will of the mind

and heart to have a good home; FAITH AND COURAGE

that God will strengthen and

help when human capacities fail; PRAYER - lifting the

mind and heart daily to thank God for His beenfits as well as petitioning for His help;

SPIRITUAL ENERGY - which

creates the enthusiasm to make possible an attractive

home: KNOWLEDGE - for without adequate information and intelligent understanding the other cornerstones cannot

RALEIGH - The Motor ve-

Third Polio Dose Sunday

The third and final polio clinics will be held in Duplin County on Sunday, August 9. from 12:00 noon until 5:00 P. M., according to an announcement by Dr. Guy V. Gooding. president of the Duplin County Medical Society. The vaccine will be given at nine locations over the county as heretofore.

Strain I of the Sabin vaccine was given in Duplin on April 19 and Strain II on May 17. It was first thought that Strain III would be given in September or October, but jobbers of the vaccine felt that they could supply enough of the oral vaccine so that clinics could be held in July, but they were unable to do so and the third and final dose was set for this Sunday, August 9. Sufficient vaccine has been obtained to

man, woman and child in Dup-

While the Salk "shot" vaccine gives only temporary im-munity, the Sabin "sugar cube" type will give lifetime protection and remove the deadly virus from carriers as well.

The clinics are provided by the Medical Society of Duplin County with the cooperation and help of some civic organizations and many volunteers.

Over 20,000 people in Duplin received the first two doses and are provided protection against certain strains of the deadly disease. This third dose Sunday will complete the series, Tell your neighbors about this third clinic and encourage them to attend.

2 Stills, 3 Men

ATTU investigators arrested three Duplin men and destroyed two stills and a quantity of mash Saturday in the Dobson Chapel section between Magnolia and Kenansville.

Arrested by the agents and charged with possession and operation were Bernice Howell Chambers, white man, 32, of RFD, Magnolia, David Nixon Parker, colored, 51, of Houte 1, Kenansville and Bryant Moore, lored, 43, RFO Magnolia.

The agents found two stills of 478 gallons capacity each

Warsaw Jaycees To Sell Ground Grain Tonight

The Warsaw Jaycees are at it again, meaning they are again working together in their usual manner trying to raise funds so they can in turn help their community. This week they are sponsoring a "Flour, and Meal Sale Package." In the package they are offering a five pound bag of flour, a two pound bag of meal, a box of salt and a small box of black pepper. All four items are only \$1.00.

President, Gerald Quinn announced that they will be working from door to door Thursday night beginning at 7:00. It will help if everyone interested would leave their front porch lights burning, or if you are, missed, call Gerald or any other Jaycee and they will be glad to deliver it to you.

which were destroyed along with 925 gallons of mash. The men were bound over to the next term of United States District Court at Wilmington and released under \$500 bond each.

Henderson Backs LBJ

Congressmen David N. Henderson of Wallace pledged Sarurday to support President Johnson even though he does not agree with him on all issues. The Third District Repres-

entarive said that he plans to support the straight Democratic ticket "from President to constable". Henderson said that he found more issues on which to agree with Johnson than with Republican Goldwater. Henderson is not a delegate

to the Democratic National Convention in Atlantic City and, therefore, will not attend the convention. His absence from the convention, however, he said should not i boycotting the convention or that he will not support the national

ge of burglary.

While He Slept, \$200 **Slipped From Wallet**

Mr. Walter Herring, Sr., a prominent farmer of the Unity Church section of Duplin, about four miles northeast of Warsaw, hung his pants on a chair in his bedroom and went to sleep Saturday night.

When he dressed Sunday morning something told him that his pocketbook had turned around in his hip pocket and that he had slept too soundly. He looked quickly and discovered that two one-hundred-dollar bills were missing. Mr. Herring notified the sheriff.

Sheriff Revelle questioned several migrant workers who had been living on the Herring farm for several weeks. One of these workers, Willie Winders, a 25-year-old Negro from Itta Bean, Mississippi, was suspected. Winders at first denied any wrongdoing, then admitted that he knew where the money was but denied having anything to do with the robbery.

However, at Winders suggestion, the officers ripped up the floor in the bunkhouse

where the migrant workers were staying on the farm.

The \$200 was found in a crack beside a post and returned to Mr. Herring.

Winders finally confessed according to officers that the

son has been appointed assistant professor of geography at Elon College. He will join the Elon faculty in September, aster completing his work for the master of arts degree in geog-raphy from East Carolina College in August.
Cates taught introductory

geography courses as a teaching fellow at Eastern Carolina ing fellow at Eastern Carolina College during the 1963-64-school year. He is a graduate of the University of North Carolina at Chapel Hill where he completed some graduate study in anthropology before enrolling at EC last fall. His research topic in the master's program involves a study of the North Carolina pickle industry.

Dr. Robert E. Cramer is the director of the geography department at EC
