

With Our Boys

JOSEPH H. LANIER
HONOLULU, HAWAII -- Joseph H. Lanier, gunner's mate first class, USCG, husband of the former Mary E. Young of Route 1, Rose Hill, N. C., is serving at the Sand Island Coast Guard Base at Honolulu, Hawaii.

This station serves as the homeport for five buoy tenders, four ocean station vessels and the cargo ship Kukul.

It also operates two 40-foot utility boats for search and rescue operations, and law enforcement and custom inspections.

PVT. WILLIE J. CARROLL
FORT GORDON, GA. -- Pvt. Willie J. Carroll Jr., 20, whose parents live on Route 1, Box 141, Warsaw, N.C., completed eight weeks of advanced infantry training at the U.S. Army Training Center, Fort Gordon, Ga., October 23.

Carroll was trained in small unit infantry tactics and the use of such modern weapons as the M-14 rifle and the M-60 machinegun.

He entered the Army last June and completed basic training at Fort Gordon.

Carroll was graduated from Hargrove High School in 1964.

Staff Sergeant Leavy Brock, local Air Force Recruiter announced today that the following young men enlisted in the Air Force during the month of October for a variety of Career Areas by choice. The first base that the young men will go to will be Lackland Air Force Base, Texas where they will receive their Basic Military Training - their names are:

COLVIN M. STEPHENS, son of Mr. and Mrs. Matthew Lee Stephens, Route #2, Box 226, Faison, Calvin chose the Mechanical Career Area.

DAVID W. HINSON, Son of Mr. and Mrs. Cranford W. Hinson, Memorial Drive, Warsaw, David chose the Administration Career Area.

CLAYTON K. GRAHAM, Son of Mr. and Mrs. Norwood Graham, Route #1, Warsaw, He chose the Mechanical Career Area.

HAROLD D. STRICKLAND, Son of Mr. and Mrs. Willie Strickland, Tr. #3, Clinton, Harold chose the General Career Area.

ALVIN W. DRAUGHON, Son of Mr. and Mrs. W.A. Draughon, 705 Raleigh Road, Clinton, Alvin also chose the General Career Area.

After Basic training the young men will undergo further training in their respective Career Fields, either in technical schools or through on the job training at any of the many Air Bases throughout the free world.

EDWARD R. LEWIS, JR.
STEEL PIKE -- Marine First Lieutenant Edward R. Lewis, Jr., son of Mr. and Mrs. Edward R. Lewis, Sr. of Calypso, N. C., has sailed from the east coast of the United States to take part in Operation STEEL PIKE in Spain. The combat training exercise will be the largest amphibious operation conducted in the Atlantic since World War II.

He is a member of Force Troops Atlantic, which is normally based at Camp Lejeune, North Carolina.

In the practice landing, 28,000 Marines of the Second Marine Division, Second Marine Aircraft Wing and Force Troops, Fleet Marine Force, Atlantic, along with a battalion of Spanish Marines will take part in a mock assault on beaches in southern Spain on October 26, from landing craft and helicopters.

The combined Marine landing force will be carried and protected by a U. S. Spanish fleet of 94 vessels, including ships of the United States' Military Sea Transport Service and chartered ships of the U.S. merchant fleet.

Operation STEEL PIKE is being conducted to show the ability of U.S. and Allied amphibious forces to rapidly place large numbers of troops ashore and maintain them for as long as necessary. The operation will also train the forces of both countries in conducting joint operations.

Spanish Air Force units will fly missions in support of the landing force along with U. S. Navy and Marine aircraft operating from fast attack carriers and from the Marines short airfield for tactical support (SATS).

SATS is, in effect, a carrier flight deck, including catapults and arresting gear, moved ashore. It was developed by the Marine Corps to allow Marine air units to go ashore quickly to support Marine ground forces in amphibious operations.

Most of the United States units taking part in operation STEEL PIKE will return to the U. S. during the first week in December.

SEAPOWER FOR PEACE

AFC JAMES C. EZZELL
TOKYO, Japan -- Airman First Class James C. Ezzell, son of Mr. and Mrs. James C. Ezzell of Warsaw, N.C., has graduated with honors from the U. S. Air Force Noncommis-

ioned Officer Preparatory School at Yamota Air Station, Japan.

Airman Ezzell also was presented the Academic Award for top scholastic achievement in his class. He was trained in leadership and management.

The airman is a medical laboratory specialist in the Air forces hospital at Tachikawa AB, Japan. His unit furnishes medical services in support of the Pacific Air Forces mission of providing airpower for defense of the U.S. and its allies in the Pacific area.

The airman's wife, Barbara is the daughter of Mr. and Mrs. C. L. Wisenbaker of Rt. 5, Sulphur Springs, Tex.

VII CORPS, GERMANY -- Army Staff Sergeant Robert J. Hanchey, Jr., 36, whose wife, Letha, lives on Route 1, Richlands, N. C., and other members of the 1st Battalion, 75th Artillery, participated in a material readiness conference for maintenance personnel of the VII Corps in Germany, Oct. 12.

During the conference Sergeant Hanchey and his unit held classes and demonstrations on maintenance of howitzer, personnel carriers and wheeled vehicles.

A supply sergeant in the battalion's Battery a regularly stationed near Bamberg, Hanchey entered the Army in 1946 and was stationed at Fort Dix, N. J., before arriving overseas in September 1963 on this tour of duty.

He attended Chinquapin High School. His parents live on Rt. 2, Wallace.

VERNON M. HARPER
CORPUS CHRISTI, TEXAS, Navy Ensign Vernon M. Harper, son of Mr. and Mrs. Rodolph D. Harper, Sr. of Albertson, N.C., was designated a Naval Aviation Observer in ceremonies held Oct. 2 at the Naval Air Station, Corpus Christi, Tex. His wings were christened by his Commanding Officer, Captain F. L. DeLorenzo.

Under the Navy's present Naval Aviation Observer Training Program, Ensign Harper received his wings approximately five months after arriving at the Naval Air Station for the advance phase of his training.

He has received orders to Patrol Squadron Five, based at the Naval Air Station, Jacksonville, Fla.

A graduate at Brigham Young University at Provo, Utah, Ensign Harper entered the service in November 1963.

JAMES E. HORNE
GOLDSBORO, N.C. -- Airman First Class James E. Horne, son of Mrs. Leland B. Horne of Rt. 2, Beaverville, N.C., has graduated from the U. S. Air Force Noncommissioned Officer Preparatory School at Seymour Johnson AFB, N.C.

Airman Horne, who was trained in leadership and management, is assigned to a unit at Seymour Johnson for duty. The airman is a graduate at Richlands (N.C.) High School.

NEW BUSINESS IN WARSAW. -- The Warsaw Restaurant, located on Highway 117 North by-pass at the intersection of Highway 50, has been opened by Mrs. Reba Fountain. The restaurant will serve the best in all types of food from 6 a. m. until 10 p. m., and specializes in homemade cakes and pies, and the best coffee in Warsaw. The modern, clean, newly opened business serves fountain orders, short orders and full meals, and is the ideal place for your coffee break. Mrs. Jean Howard, Mrs. Ester Frederick and Mrs. Bessie Hollingsworth aid Mrs. Fountain in giving prompt and efficient service to their many patrons.

Plans Announced For Agricultural Census

Plans for taking the 1964 Census of Agriculture in Duplin County were announced today by Mrs. Grace H Carr of Rose Hill and Henry A. Precythe of Faison, newly appointed census crew leaders for the county. The job will be done in three stages, the crew leader said. First will come recruitment and training of enumerators to count all farms in the county. About one enumerator for each 150 farms will be needed. Shortly after November 19, the Bureau of the Census, an agency of the U.S. Department of Commerce, will start the second stage by mailing agricultural census questionnaires to all rural boxholders in the county. This will give farm and ranch operators, who are required by law to fill out the forms, a period of time to consult their records and fill in answers to the questions.

In the final stage, enumerators will visit each farm in the county to collect the questionnaires. At the time of this visit, the enumerators will help farmers complete answers to any questions the farmers may have had difficulty with. Enumerator visits are scheduled to begin in this county on November 23. Enumerators will take about three weeks to complete their work, the crew leader estimates. The Census of Agriculture is taken every five years in the years ending in "4" and "9" to gather up-to-date information on the nation's agricultural resources and production. Such information is vital in making decisions affecting many segments of the U.S. economy. Data gathered include the number and size of farms, acreage and harvest of crops, livestock inventory, information on farm equipment and facilities, farm products sold, and use of fertilizers, insecticides, and herbicides.

—Store goods in dark shade or dry basement.
—Fix a window shade to darken otherwise suitable shelves.

Store Canned Goods

This week, you'll probably buy some canned goods. And you'll take them home and store them. You may can many foods and subsequently store them. Now, what's that storage place like?

According to Food Conservation and Marketing Specialist Lola Pritchard of North Carolina State, that storage place should be cool, dry and dark.

If it's not, you're taking the chance that cans might rust (under extreme moisture conditions) and shorten the self-life of the food; that high temperature may impair color and flavor of some foods canned in jars, and cold temperature might freeze and break jars; that light might fade and discolor the product.

For those who are about to build a home, the problem of storage is ideally solved - include canned goods storage area in the house plan.

"Storage begins with house-planning," Miss Pritchard said. "Storage should be brought into your thinking when you buy a house already built, too," she added.

Buy why is storage so important? Aside from the appearance and edibility of the food, there's the money aspect.

With proper storage for canned goods, you can take advantage of grocery store specials, and know that later when you use that product, it will still be good.

Then there's the convenience of having all or parts of many weeks meals handy-not blocks away at the grocery store.

"Storage of food also has an indirect influence on the health of the family. We know that a family who has a ready supply of food is better fed than one that has to go to the grocery store constantly," Miss Pritchard said.

But what if you live in a home that isn't equipped with ideal storage? Is it worth the money to completely re-do a part of the house just to get a storage place for canned goods?

"I can't say-this depends on you. Each family must make a decision based on the size of the family, ages of members, family activities and income, location of family home in relation to the grocery store.

"For some families, it might be most economical to invest

in a storage place that's cool, dry and dark and built to accommodate jars and cans.

"For other families, these ideas may help":
—Store goods in jar boxes.

(This would be dark, would hold down moisture some; is good insulator against cold.)

FOR A LIMITED TIME

Monogrammed Glassware

personally designed by
Mr. Kai Schwensen
expert glass cutter and engraver

**PITCHER AND
6 GLASSES**

4.99

Don't miss this opportunity to have the beautiful monogrammed glassware and crystal you've always wanted . . . Add a Phone...add a lot to living

Day or night, extension phones help make living more relaxing. Why not have them handy where you live the most—like bedroom, kitchen, workshop, den. To add the colorful, economical extension phones you want, just call your Telephone Company Business Office.

Carolina Telephone

This year The Dodge Boys can hand you quite a line.

They've added the Hotnew Coronet—a new Dodge at a new low price. (Less than a Ford or Chevy!)

Leave it to Dodge to build a hot new, all-new car with full-sized room and a new low price. And despite that modest price, the Coronet is definitely no shrinking violet. The standard V-8 engine is the new 273-cubic-inch, double-barreled job. All in all, Coronet is quite a car for the price. But when you think about it, it figures because all three Dodge sizes give you more car for your money.

TAKE THE TIME TO LOOK AT ONE MORE—DODGE!

DART: Everything you want in a compact in full measure...at a compact price.

CORONET: A new kind of Dodge with full room and power for less than the cost of a Ford or Chevy.

POLARA: Moves you up in class, but not out of the low-price field.

CUSTOM 880: Nothing so luxurious at anywhere near its price.

MONACO: America's lowest-priced limited-edition automobile.

TRUCKS: Dodge builds tough trucks! A complete line from compacts to tilt-cabs.
