**Health and Safety Tips**

Indigestion is a common complaint. It occurs at all ages from infancy to eight, and probably nobody has failed to experience indigestion. That's why we call it "common." "There are various forms and degrees of indigestion," says a publication of the American Medical Association. Food poisoning is a dramatic, extreme type in which the stomach contents are evacuated by violent vomiting. It isn't natural to take form of antacid as a part of daily

living, the AMA publication declares. The natural digestive process is such that there is a balance that does not require our getting into the act with the bicarbonate bottle. Such dosing has two drawbacks: First, we are "treating" ourselves in an aimless way without knowing what really is wrong; second, we are interfering with natural digestive processes which may result in undesirable side-effects such as constipation or perhaps even an imbalance of electrolytes (minerals) in the blood and body fluids.

What may be wrong? Well, it could be inflammation of the stomach lining, due to a variety of causes that probably can be identified and treated satisfactorily. It could be due to poor stomach motility, perhaps a partial obstruction, again, identifiable and treatable. It could be due to an ulcer, which surely will be helped by proper treatment, but not by home remedies. Cancer of the stomach can and does cause indigestion, and its progress could be masked by the vague, ineffective "antacid" routine.

**Gratitude Expressed**

Resolved, That we, the members of the Board of Commissioners of Duplin County, attest to the inspiration and support which Commissioner Lott Kornegay brought to the deliberations of this Board upon which he has faithfully served for the past ten years. He was Chairman of this Board in 1958-59.

We cannot allow his present withdrawal to pass without some mention of our gratitude for the fine and effective service he has given the County for the past ten years.

His experience and understanding is interwoven with a quiet strength based on ability and fitness of feeling for his fellowman, and has made a fundamental and lasting contribution to our work.

We, friends of Mr. Kornegay, delight to do him honor, and to wish for him all of the satisfactions of continuing long life of great service.

Resolved, That a copy of this resolution be spread upon the minutes of this Board, and that a copy be sent to Mr. Kornegay as a testimonial of our sincere appreciation of his usefulness, and to convey our best wishes.

This 7 day of December, 1964.

Chairman, J. W. Hoffman. Members, Murphy Simpson, Kenneth G. Grady, J. B. Stroud, Joe A. Sutton. ATTEST: Christine W. Williams, Clerk.
