"Winter Wonderland" that we have sung about, beg-ged for and all the kids have rished for to get them out of school, IS HERE. It seems to have lost some of its glory all of a sudden - after almost 24 hours of no lights, no heat, the only food - sandwiches, even the boys and girls do not seem to be too excited.

Was talking to Jim Bunce this morning, he said, "They can talk about 'he good old days all they want too but I don't like them".

The younger generative is going through a new experience all together. They do not re-member the days before heated houses when you slept un-der a weight of blankets, and ever so often stuck your nose under the cover to get it warm. And when you jumped out of ted and put your clothes on so fast that you couldn't even re-member if you had hooked all of the necessary items.

Some of us would have suffered had we not had good friends with gas stoves and oil stoves. But that is all a part of living ! !

Any news item or picture which missed the paper this week, please forgive us. We have worked and struggled as hard as we have ever worked to get no where. I ! We have melted way before the open fire. We have hung negatives before the open fire to dry. We have pulled, pushed and I am atraid even cussed a bit. But no luck information cannot be no luck, Information cannot be otten because of no telepho tion. So, please bear with us.

Troy Promoted

"Spud" Troy of Rose

Hill has been promoted from Assistant Vice-President to

Vice President of Waccamaw

Bank and Trust Company of

Troy has been with Wacca-maw Bank and Trust Comp-any, for 31 years with the

Whiteville, Fairmont, Clark-ton and Rose Hill Banks. He

has been with the Rose Hill

Bank for the past 20 years and says that now he feels that he is a native of Rose Hill.

Director To Be Employed For **Tri-County Anti-Poverty**

The Executive Committee of the Community Action Council, an anti-poverty organization set up to serve Duplin, Pender and Sampson Counties, met on Friday, January 21, 1966, to consider employment of a director for the tri-county program. A Program Development Grant of \$75,891.00 was announced on January 14, to be used to hire anuary 14, to be used to hire a director and a minimum staff to survey the needs of the three

QUALIFICATIONS OF

Vice President bank, Troy has a busy life. He

is president of the Rose Hill Lion's Club, Vice-President of the Chamber of Commerce and an Elder in Mt. Ziion Rose Hill a Mason.

He is married to the former Virginia Clark of Clarkton and they have two children, Mrs. N. H. Carter of Wallace and Robert Troy, Jr., who is with the North Carolina National Bank in Charlotte.

James Robert Grady who has been with Waccamaw Bank in Rose Hill for the past ten years is being transferred to Louisburg where he will be in charge of operations there.

Verne Cayton has been re-cently elected cashier of the Rose Hill office and will assist in the management of the Rose Hill Bank. He comes to Rose Hill from Branch Banking and

Trust Company in New Bern.
Troy wishes to express appreciation for the support the people of this area have given the bank and Waccamaw Bank expresses it's desire to continue good service to their

counties; to study existing provelop programs that meet the most pressing needs first; and to survey local resources that might finance anti-poverty projects

Interested persons who are qualified to fill one of the folapply by writing to Mrs. Margaret H. Gunter, President, Community Action Council, Inc., P. O. Box 396, Clinton, N. C. wing positions are invited to

DIRECTOR

Simmons To Be Tried Superior Crt.

Robert Earl Simmons, Beulaville TV Dealer and repair-man, is being being held under \$7500 bond for his appearance at Superior Court of Duplin County to answer multiple charged of Breaking, Entering, Larcency and received stolen goods, Charges prefered against Simmons included the Beulaville FCX and the A. D. Parker Store in Chinquapin, as well as lumber allegedly owned by David Pearsall.

A hearing was held before W. J. Sitterson, local Justice of the Peace, on Tuesday morning. January 25. State witnesses included Leland Grady. manager of Beulaville FCX Hardy Parker, David Pearsall and members of the Duplin County Sheriff's Department and an agent of the State Bureau of Investigation.

moved in on North Carolina and Duplin County on Tuesday afternoon and night paralyzed activities in the county. The condition was not helped any on Wednesday when a cold rain mixed with sleet fell all day and on Wednesday night more snow fell. Electric Current was knock-

ed out over the entire county and has been restored only in sections. Kenansville lights went out Wednesday morning and as of 3 p. m. Thursday are still not on. Light poles and telephone poles are down everywhere.

Telephones are working locally but long distance calls are out. It is impossible to get reports on other sections of the county.

The service men from C. P. & L. Tri-County, Four-County, Carolina Telephone and Telegraph Company are to be highly commended for their untiring efforts to restore service as quickly as possible.

The Highway Department had snow trucks moving about as soon as the snow started falling. Main highways have been passable in the county. Rural pavel roads and unpaved roads are hazardous, but the highway department is still working unceasingly.

Snow which fell about six

inches deep throughout the county was then covered with ice, did much damage to trees and shrubbery. Large limbs been ripped off of trees and small trees are bent double.

In talking with Jim Bunce, assistant Agricultural Agent, he stated that pine trees which were bent double would tend to limp for the next year, and in his opinion would never be straight. The ones bent slightly but not doubled would straght up but would have a crook in them, and in trees for "saw logs" they will be damaged because of the crook.

SNOW SCENE IN DUPLIN COUNTY

Shrubbery throughout the county has been damagel extensively.

However Bunce stated that for farmers, the snow could not have come at a better time of the year. There are no crops now to be damaged, and he had received reports of chicken

houses or shelters caving in from the weight of the snow. The weather forecast for

Thursday promises sunshine with low temperatures. The North Carolina snow was part of a blanket that spread

which dipped as low as 37 degrees below zero in Minnesota Tuesday, prevailed throughout the western half of the nation. Southern Florida was the only earlier from the Great Plains substantial area to avoid chill to most of the Appalachian ing temperatures.

Sub-freezing temperatures,

N. C. Symphony Orchestra In Kenansville, February 9

21st Annual Tour The symphony will appear in Kenansville February 9 at 8:30

CHAPEL HILL - The North Carolina Symphony Orchestra will open its 21st annual tour with two performances in Reidsville January 27.

Have 93 Concerts p.m. at the Kenan Memorial Auditorium.

According to symphony di-rector Dr. Benjamin Swalin, the orchestra plans to present 93 concerts on its tour, which will take the group some 10,000 miles between now and May

A large percentage of the concerts will be given for audiences of school children and some 150,000 children are expected to hear them.

Commentator for the children's programs will be Mrs. Maxine Swalin, who will also join the symphony players as harpsichordist on the new harpsichord, a gift of Mary Duke Biddle.

Beginning the tour will be the Little Symphony, a section of 25 players used for school con-

"Take Giant Step Forward" Program To Be Started Duplin, E. E. Smith, Douglas, James Kenan, North Duplin,

(Editors Note: Word was recived Wednesday morning that the Education Program Take A Giant Step Forward" has been approved as of January 31 by the State Department of Public Instruction. Schools will put this program into action immediately, it was learned the County Superintendent's Office.)

On January 14, 1966, Duplin county Administrative Unit ubmitted to the State Department of Public Instruction for proval a proposal under the ementary and Secondary Act 1965 for improving the skills educationally disadvantaged lidren in the schools of Duplin

The schools involved in this proposal are: Charity, East

Wallace-Rose Hill, P. W.

Wallace-Rose Hill, P. W. Moore, P. E. Williams, Branch, Chinquapin II, Teachey, Rose Hill I. Rose Hill II, C. W. Dobbins, Faison, Calypso, Warsaw, Magnolla, and Kenansville. This project is designed to improve the over-all educational program of deprived children with specific educational deficiencies having to do with skills in reading, mathematics, and other academic subjects, Special deficiencies to be corrected include lack of opportunities in the school program and facilities, such as limited curricula offerings, inadequate school lunch services, insufficient health services, lack of psychological and social services, insufficient materials, equipment, and classrooms to

provide a comprehensive program of education. Special educational activities

set up in this proposal include l. An experimental kindergarden program in three schools.

2. The addition of teachers to relieve principals of teaching duties so that they will have time to spend in improving and facilitating instruction. The addition of teachers in overloaded classes so that these teachers will be able to give more individual instruction more individual instruction concerned principally with improving the communicative skills, computative skills, and social skills, of educationally deprived children.

The services of trained librarians in each school. Research shows that there is cor-
