Shooting Hospitalizes Kornegay

A report from the sheriff's office this morning is that Perry Price of Bowden is being held in jail under \$1,000 bond, following the shooting of Marvin Kornegay.

Kornegay, about 35 years old, of the Rone's Chapel Community is in the hospital with a pistol wound in his right leg. A second shot is reported to have entered the left groin and gone into the left abdomen. Both shots were removed at the local hospital and Kornegay is reported to be doing nicely. The shooting was reported to have taken place in Price's living room as Kornegay sat in a recliner, following an argument concerning Price's daughter.

Deputies Elton Proctor and Glenn Jernigan investigated.

Second Fatality In Two Days

James Ivey Henderson met death Tuesday afternoon April 26, about 4 p.m., on rain-soaked highway.

Second Wreck Same Location

A second wreck occurred at the intersection of Highway #117 and #117 bypass Monday morning, according to Chief of Police, Perry Smith.

John Henry Armstrong, of the Warsaw area, was traveling North on 117 at an intersection and was in the process of turning into a driveway when he was struck on the right rear fender of his truck by John Wayne Exum of Goldsboro.

Armstrong received injuries requiring medical treatment, but was not hospitalized. Exum pleaded guilty to a charge of following too closely, and paid a fine.

CORRECTION!

The Duplin Times-Progress Sentinel stated last week that E. E. Proctor was running for Constable from Albertson Town

ship. This was in error. Mr. Proctor is from Glisson Town-

ship, and not Albertson as was stated in the paper last week.

Henderson, colored male, age 43 of Magnolia, driving a 1962 Chevrolet going South on U. S. Highway 117 skidded into the path of an oncoming 1965 Ford operated by Moses Benson Paul, white male age 28, of Rose Hill, employee of Mahlow Bostic. Henderson was dead on the scene.

Paul was carried to Duplin General Hospital and as we go to press he is in surgery. Extent of injuries not known and investigation is incomplete. There were no witnesses.

Investigating officer J. S. Briley said Henderson was thrown from the car, and had he been wearing seat belts he probably would have survived the accident.

Parents To Select Schools

Mr. O. P. Johnson, Superintendent Duplin County Schools, urges all parents to make selection of schools for their children to attend next year. The law requires that this be done and the deadline for showing this preference is April 30.

The Civil Rights Act of 1964, under Title VI states that parents are required by law to designate which school their children will attend.

A 1962 Ford hit a 1953 Chevrolet headone Sunday night about 8:15 bringing death to one person, and injuring eight others. The accident occurred six-tenths of a mile North of Warsaw.

Students Note Summer Jobs Available

Summer job opportunities for work-your-way-through college students always have been in short supply. This summer, the situation will be a lot brighter through a new program called PACE, sponsored by the State Board of Public Welfare.

PACE, which stands for Plan Assuring College Education, has been formed to take advantage of funds available for college students under the "work-study" provisions of the federal Higher Education Act of 1965.

PACE works like this: Any public or non-profit agency in the community which needs some summer help, by putting up just 10% of his salary, can get a college student full-time for the entire summer. PACE students will handle jobs in law enforcement agencies, local welfare departments, libraries, health departments, local poverty - fighting agencies, schools, and similar institutions. Last summer, students under pilot off-campus work-study programs excelled in recreation work with children from low-income families.

PACE planners are aiming at a program that this year will place up to 1200 students in 65 North Carolina communities.

PACE is a four-way cooperative venture between the college student, the school in which he is enrolled, the community agency in which he is to work and, in the case of an entering
