

EVERYTHING FOR VACATION FUN!

Come To Carolina Beach

If Carolina Beach has a trade mark, it is the exciting Midway and Boardwalk. This provides a holiday climate for visitors and vacationers who seek fun and frolic at the seashore. The beach and boardwalk share the summer spot light with many activities; swimming, boating, water skiing, surf fishing, surfing, stores and restaurants are all exciting adventures. Accommodations are extensive and complete for overnight, weekends, or vacations.

Summer Schedule Southport-Fort Fisher Ferry

Raleigh - The summer schedule for the Southport-Fort Fisher Ferry goes into effect Friday, May 23, according to E. H. Baggs, Ferry Operations Manager for the State Highway Commission.

Since the ferry was dedicated at Southport on March 2 this year, it has been operating on a four-trip schedule. But now with the opening of the tourist season a new schedule is being put into effect.

The summer schedule for the Southport-Fort Fisher Ferry is as follows:

Leave Southport
6:00 a.m., 8:00 a.m., 10:00 a.m., 12:00 Noon, 2:00 p.m., 4:00 p.m.

Leave Fort Fisher
7:00 a.m., 9:00 a.m., 11:00 a.m., 1:00 p.m., 3:00 p.m., 5:00 p.m.

The Southport-Fort Fisher Ferry is the newest link in the New Hanover-Brunswick County tourist area and allows tourists in the FORT Fisher-Carolina Beach resort region to travel to the historic sites of Brunswick County without the 40-mile trip through Wilmington.

Fares for vehicles on the ferry are \$1.50 per vehicle and 50 cents per person.

Lower Cape Fear Tour Is Planned

WILMINGTON—Plans are shaping up for establishing a 68-mile scenic, cultural, historical and recreational tour for visitors to the Lower Cape Fear area this season.

Civic, business and educational interests in both New Hanover and Brunswick Counties are showing interest in the plan. An announcement is expected soon.

Under the proposed schedule now being considered, the one-day tour probably would start by bus in Wilmington. After first stopping at several of the numerous historic and scenic points in and near the city, it would proceed to Southport.

Among points to be visited would be Old Brunswick Town, Orton Plantation, the battleship USS North Carolina, and Forts Johnston and Caswell at Southport. Then, crossing the river on the new State-operated ferry, the tourists would see the Civil War stronghold, Fort Fisher, with its Museum and Visitors Center; the U. S. Air Force's modern radar installation nearby; Kure and Carolina beaches, the 65-foot-high bridge over the Intracoastal Waterway, which affords a magnificent view of the Atlantic Ocean; Airlie Gardens and Wrightsville Beach.

The Cape Fear Technical Institute is cooperating with officials of the two counties.

For All of Your Beach and Summer Needs.

Deep sea fishing and pier fishing is also available; at least three charter boats are at your service.

Many hotels, motels, and inns, make up the resort living area of the beach. Cottages and camping areas are also available. The camping area attracts thousands annually.

Plans have recently been announced to organize and construct a golf course. This will be a significant addition to the area.

Carolina Beach has the added advantage of being well suited for a year-round residency. It has a mild and invigorating climate. It is a complete community having its own school, churches, library, water and sewer facilities and many types of businesses.

Carolina Beach is a place "where the sun shines bright, the fish bite right, and the strand is broad and safe."

Fort Fisher Center Open

CAROLINA BEACH — The State's new and handsome Fort Fisher Visitor Center and Museum near Carolina Beach is open daily from 9 a.m. until 5 p.m. and on Sundays from 1:30 to 5 p.m.

The museum contains many relics of the great sea and land battle there in 1865, when the Union navy and army closed the Port of Wilmington by capturing the fort in a three-day fight.

Wilmington was the last major Confederate fort to fall, virtually dooming the Southern cause by cutting off supplies from England and the Caribbean. No charge is made for admission to the museum.
