what is Coffee Mill Flavor?

It's fresh-ground flavor you can't get in a can. Fresh-ground flavor you do get in A&P's whole-bean Eight O'Clock, Red Circle and Bokar Coffees.

You see, once the coffee bean is ground, the flavor begins to fade... even when it's vacuum-packed.

That's why, when we at A&P buy the finest coffees we can find, we bring them to you still in the bean. And we custom-grind them exactly right for your coffeemaker... right in your A&P.

Takes a little extra work, but we're happy to do it. That way we can be sure you'll enjoy the full, fresh taste of A&P's Coffee Mill Flavor.

Are A&P Coffees a good reason for shopping A&P? They're one of many.
