Mrs. Earl Gresham Retires

By: Ruth B. Wells
 Mrs. Earl "Miss Bertha" Gresham recently retired from the Beulaville Post Office after twenty years of service.
 Her husband was post master there for many years and at his retirement six years ago he insisted that she retire also, but Miss Bertha said she would retire at the end of twenty years. That day just happened to be her birthday, so it was a double event for her.
 The other postal employees regretted Miss Bertha leaving them. They described her as working above and beyond the call of duty. Her work was never done as long as any one else still had work to do.
 Her birthday present from her husband was a sewing machine, one that does just about everything. Sewing has always been her hobby but she has never really had time to en-

joy it. Now she says she must find time to learn to operate all the gadgets, and by the time winter comes and she is inside more, she will be ready to catch up on all the years.
 The Greshams moved into a new home last August, after their home burned and Mrs. Gresham is looking forward to having time to attend to the many little details she never got around to while working. She is sure she will enjoy the house now more than ever.

A daughter, Mrs. Cecil Rhodes lives in Beulaville, and the Rhodes' have three children, two boys and a girl. The grand children are enjoying a bit more attention and are looking forward to more all the time. Another daughter, Mrs. Edna Earl Leonard lives in Jacksonville, Florida. She hopes to have more time to visit her.
 The Beulaville Postal Department feels that the vacancy has been ably filled, but that "Miss Bertha" cannot be replaced.

Are there really any sound reasons for buying a Chevrolet in August?

During August, it's as easy to own a Bel Air 4-Door Sedan as getting in the car.

Wait till you see how sporty you look sitting in your Impala Super Sport.

In a word: Six

- 1.** Have you ever known the instant delight of selecting a new Impala Super Sport in the color you want, slipping into its Strato-bucket seats, and driving it home from the showroom the same day? Now's your chance. Your Chevrolet dealer has a big choice of models on hand with small August price tags.
- 2.** More than likely, your present car will never be worth as much in trade as it is right now. Money—another good reason to buy a Chevrolet this month.
- 3.** Read those articles about when to buy a new car and they'll tell you that August is one of the best months. And your Chevrolet dealer is ready to show you why... with buys that are better than ever.
- 4.** If you think winter's tough on an old car, believe us, so is summer. There's added strain on the engine because of vacation driving. Greater tire wear. The cooling system has to work extra hard. A new Chevrolet can save you a lot of trouble.
- 5.** You do a lot of driving for pleasure so why not ride on Chevrolet's Full Coil suspension. Let your feet feel that deep-twist Chevrolet carpeting. August is to enjoy.
- 6.** Make your summer driving safer driving by taking advantage of the eight standard safety features built into every new Chevrolet. If your present car doesn't have seat belts, back-up lights, outside rearview mirror, padded instrument panel, look into a new Chevrolet.

Chevrolet • Chevelle • Chevy II • Corvair • Corvette
