Five-Year Farm Program Launched InDuplin

Distributive Education.

James Kenan High School has

a preparatory program in De-stributive Education for the

first time this year. The in-structor for the course is George Finch, Jr. of Wallace. Mr. Finch has a BS degree in Business from the Univer-

sity of North Carolina at Cha-

pel Hill, and since graduation he returned to Chapel Hill for courses in Education. He is most enthusiastic about his

classes at James Kenan which

are restricted to Juniors and

Distributive Education is a

vocational program designed to

promote interest in merchan-

promote interest in merchan-dising, marketing, and manage-ment to high school students who have career objectives in a distributive businesses. Persons enrolled in this course will receive on the job training, develop poise and per-sonality, develop good work ha-bits, and learn to assume re-

bits, and learn to assume re-sponsibility. The school is help-

seniors.

The most ambitious agricultural development program ever undertaken by Duplin County has been officially launched after a year of plan-

ning. The local program is part of an overall state wide program of the Agricultural Extension Ser-the Agricultural Extension State vice at North Carolina State University which was launched in Raleigh January 30, by Go-vernon Dan Moore and universtry officials.

The five-year program is a product of a combination of local level planning, which in-volved some 7,600 lay leaders including scores of Duplin County citizens, and North Carolina State research and Extension specialists.

built county has goals in five areas under the Target 2 opportunities endeavor. These long range objectives include goals in agricultural production family living, conservation and use of natural resources, 4-H and worth and community resources. and youth, and community resource develop ource development. A state agricultural income

potential of \$2 billion has been established. Duplin County's portion of this total figure has been set at \$70,580,000. This will represent a gain of 27 per cent over the gross value of the county's agricultural produc-tion in 1965.

Vernon H, Reynolds, Duplin County Extension Chairman, has announced that the new pro-gram is already being imple-mented. Some of the priority items designated to receive ma-

A meeting on corn produc-tion will be held in the Agricultural Building in Kenans-ville on Thursday, February 9, at 7:30 p.m. Mr. A. D. Stuart, Extension Agronomy Spe cialist from North Carolina State University, will be at the

STANDING IN FRONT OF THE NEWLY REBUILT RAMSEY FEED COMPANY is (1 to r) Dennis Ramsey, General Manager; Clarence Brown, Supt. of Maintenance, Tip Scott, Scott and Jones; and Buddy Sutton, Sutton Electric Company, Ramsey Feed Company was destroyed by fire on November II. Through untring efforts it has been rebuilt and now the feed pellets are rolling.

PELLETS ROLLING AGAIN! AT **RAMSEY FEED MILL IN ROSE HILL**

"And on the local level, the penchant for conformity, the desperate fear of being differ-ent in a changing world, has taken all the saity, the racy, and witry characters. Most con-vessations sound like panel dis-cussions, and they are about as disarming. But if so-called mo-dern humor could turn from the Monday . January 30, 1967 has been a great day for Ram-sey Feed Company and its Brofler Growers, because on that day two big pellet mills began turning out pelleted brofl-er feeds again after being idle since their big fire on the morn-ing of last November 11. All mash feeds were mixed only ten days after the fire, an unheard of accomplishment for anyone, dern humor could turn from the abrasive rejoinder to soulful laughter, we would all he hap-pler and our happiness would enable us to see ourselves and

our neighbors as vibrant hu-mans and not as dreary sta-tistics." of accomplishment for anyone. Mr. Ramsey stated today he has nothing but praise for those of his own employees, those of Scott & Jones, Sutton Electric Graham Barden, Former What a powerful stimulant ughter isl It is refreshing, it is contagious, and it is sti-mulating to hear others laugh, aspecially a good old horse laugh. The old song Laugh Your Company and others who have so faithfully worked day and night, Sunday and holidays to put the big Ramsey Mill together again. Out of the November 11th tragic fire and waste, has sud-denly sprung another mill even

more powerful and efficient than

before. Ramsey states further he is proud of the Ramsey Contract Growers who have been so pa-tient and understanding during this long wait for pellet feeds. He says "You know, Pelleted feeds handle better in the poul-try house and it grows chic-kens faster on less feed."

Troubles Away will really work if applied.
