### Mrs. Ward Returns From 4-H Leader Forum

Mrs. Robert Ward returned on Saturday from the 4-H Club Leader Forum conducted by the Department of Citizenship Education and Leadership Development National 4-H Club Foundation in Washington, D. C. Mrs. Ward was selected to represent Duplin County, because of her outstanding work with 4-H Clubs. States participating in the forum were: Delaware, Indiana, Maryland, Minnesota, New Jersey, New York, North Carolina, Oregon, Pennsylvania, Virginia and Canada. The total attendance was 130, with 79 of these coming from North Carolina.

Mrs. Ward gave the following account of her trip. She said, "The theme of the 4-H Leader Forum was 'Working With Junior Leaders'. All of the programs and workshops were centered on this theme. There were large assemblies, and then they were broken down into small discussion groups, so that every one had the opportunity to become personally involved."

Mrs. Ward also said, "we could discuss individual problems with leaders like ourselves from other states, and other parts of North Carolina. Anyone who has attended meetings at the Center will tell you that Miss Dorothy Emerson was one of the outstanding speakers. She challenged the group to be able to say 'I'll be glad to' when asked to do a job. Then act as if you will be glad to do it, and you will be."

"Not only were there meetings, but there were sight-seeing tours as well. On Wednesday each one was given the opportunity to visit with her congressman. On Friday night there was a banquet and flag ceremony with the United States flag, the Canadian, and the 4-H Club flags followed by the flags from each state represented.

"The youth, not only from the farm areas, but from towns and cities can find a great opportunity for development in 4-H Club groups. The 4-H Clubs need the boys and girls, as well as leaders to advise them."

### Rockfish Club Sponsors Visit To Cancer Clinic

The Rockfish Homemakers Club sponsored a visit to the Cancer Center at James Walker Memorial Center in Wilmington last week. Eight members of the club took advantage of this free examination. Others are expected to go at a later date.

Individuals and groups are urged to take advantage of this service sponsored by the North Carolina State Board of Health. There are no limitations as to sex, race, physical or economic status, or age.

Doctors at the Center are members of the County Medical Society and are giving of their time and effort to aid in the early finding of Cancer. This examination is limited to the five areas of the body where Cancer is most easily found, and more readily curable. These five areas reveal a significant percentage of all Cancer. It does not include blood pressure, weight, or specimens, because they do not directly relate to the detection of Cancer, and too your family doctor is in a better position to judge the changes when you go for your annual check-up.

After the examination a letter indicating any unusual conditions will be sent to your family physician along with recommendations of the staff. If the physician in the Detection Center finds a condition that he feels needs further study, he may want you to have a special examination in the Diagnostic Center where there are specialists available in all fields.

Groups and individuals are urged to make appointments as soon as possible at the Cancer Center. The Hospital will be moving into its new facilities soon, and it is not known if arrangements will be made for the Cancer Center to continue after that time. To make arrangements for an appointment write to: New Hanover Cancer Center, James Walker Memorial Hospital, Wilmington, N. C.
