

19th Hole

PROF. B. DIFFER
Duplin Country Club

Members of the week: Mr. and Mrs. Whitford Hill of Pink Hill have been chosen members of the week by the 19th hole committee. Congratulations to two real fine people.

Easter Dance to be held at the Country Club, March 25, 1967 from nine till Charles Burke Trio from Raleigh will furnish music. This will be an open-dance meaning members

may invite guest outside the club to attend. Four dollars per couple. TV will be installed... just in case Carolina gets to finals.

The Board of Directors approved George Freeman's application for membership at the March meeting. Freeman is with National Spinning Company.

News has reached this column that the club has green mower problems. Mowers will be back in operation this week. Maybe club needs more than one mower for greens.

President Gib Buck has been playing with bad back. Better watch that bad back stuff...you know Mr. Charlie has trouble with his back too. As a matter of fact, Mr. Charlie, better known as the "Bantam," was ailing Sunday...just before scoring and even-par 36 on the front side. Mr. Charlie was playing with Wiley Booth (46), Bill Helton (49), and Bill Potter (50). From the score of those last three names mentioned, it looks like the Bantam, could have had both legs broken and won.

Thomas Salter of Deep Run

ECC BASKETBALL

Southern Wayne Vikings opened the 1967 baseball season blanking the defending East Central champs Wallace-Rose Hill, 4-0, behind the two-hit pitching of junior righthander Tom Wiley.

Wiley, who yielded just a pair of singles, walked two and fanned three against the Bulldogs which chalked up a perfect 20-0 record (16-0) in the conference.

Mitch Roberson gave up only five hits but three costly errors helped the Vikings win.

The Vikings made it two straight in the ECC as a slugfest took four hours Friday against Burgaw. The final score was 16-14. Viking Coach Jimmy Adams stated, "The reason for scoring and longness of the game was because of high winds and cold weather. It hurt both teams. We misjudged a lot of balls."

East Duplin edged the Wildcats of Richlands 6-5, in an East Central test. Gerald Garner nipped a Wildcat rally in the seventh to give East Duplin the win.

North Duplin came from behind to hand James Kenan a 7-6 defeat in their home opener. Ricky Bell lead the Rebels with three-for-three including a three run homer six times. James Kenan was lead 6-4 up to Bell's round tripper. Ken Brock and M. H. Barr lead the attack for James Kenan with two-for-three. Brock also had a double.

had an eagle on number four Saturday playing with Roy Taylor, Oliver Smith, Brad Smith, and Skid Lowery.

The C & P Committee will release recommendations, to the 19th hole, on making DCC golfers think a little different as they tackle the nine hole beauty. The committee will suggest lists of things, to greens committee, to make course tougher.

Bill Taylor and Bill Sheffield have been working R. D. Johnson and Allen Draughan over... as of late. Taylor was one-over (37) on front side Sunday... and you can bet "ole Seven-Iron" was crying.

It has been reported that Paul Potter is getting along fine after an operation.

DCC golf champ Harvey Reinhardt fired a 38-36-73 Sunday playing with Cletus Brock, Hugh Carlon, and Roy Barwick.

Don't forget General Membership Meeting will be coming up in May....Make plans to attend this very important meeting. You will be notified by mail.

Spring Golf Tournament just around the corner...better work on that game a little harder.

Fore.

East Duplin To Present "Little Women"

Leading roles in "Little Women" to be presented by the Senior Class of East Duplin High School on April 5, 6, and 7. (l to r) Ada Thigpen as "Jo", Tex Davenport as "Laurie", and Louis Vega as "Professor Bhaer".

"Little Women" is certainly one of the favorite books of the American people. Louisa May

Alcott set her novel in Concord, Massachusetts, in the days of the Civil War. The Ma-

rich girls struggled to release their father so he might go to war to serve as a chaplain in the Union Army. The play has all the elements we love-old-fashioned morals, laughter, romance, sadness-and "Little Women" is sure to become a favorite in this area.

The Senior Class of East Duplin High School will present "Little Women" by special arrangement with Samuel French, on April 5, 6, and 7, at 7:45 P. M. The play will be presented in the Elementary Auditorium in Beulaville, and admission will be \$7.50 for all school students and \$1.00 for adults. Part of the proceeds from the play will be given by the Senior Class to the school to be used toward the purchase of a public address system.

The leading role in the play is that of Jo, the reckless, tomboyish, sensitive, talented, headstrong, second daughter of Rev. and Mrs. March. Ada Thigpen, the daughter of Mr. and Mrs. Orzo Thigpen of Beulaville, is doing a very fine interpretation of the role of Jo. Ada has a fine sense of the stage, and her classmates find her a real inspiration to work with.

Although Tex Davenport lacks the six foot height that most Teddy Laurences have had in previous productions of "Little Women", he surely does not lack the talent and feeling for the role. Tex does an outstanding job as the 18-year-old Laurie, orphaned as a little boy, who lives with his old grandfather, played by Coy Guy. Coy plays the gruff, generous Mr. Laurence quite well, too.

The fine German Professor, who is very friendly with Jo, Friedrich Bhaer, is played by Louis Vega, son of Mr. and Mrs. Louis Vega of Beulaville. Although Louis' native tongue is Spanish, because of his knowledge of foreign languages, he is most convincing in the role of Professor Bhaer.

Two of the most appealing roles in the play are minor character roles. Dianne Southland, who is known for her excellent readings, plays the role of Aunt March, the wealthy, stuffy, demanding, yet affectionate and generous, aunt of the Rev March. This is a difficult role because Aunt March has so many facets to her personality, yet will be memorable. Linda Mobley plays the role of the devoted Hannah Mullett, who keeps the March family supplied with food and ironing. Hannah is an old Irish woman, hardened by work and poverty, yet extremely soft where the March family is concerned. Linda Mobley does a very nice job with the role.

Other members of the cast include Laurie Brinkley as the gentle Marmee; Benny Willford as the scholarly father; Gail Edwards as the eldest daughter Meg; Andra Bryan as the spoiled youngest sister; Judy Edwards as gentle, frail little Beth; and David Quinn as Laurie's tutor, John Brooke.

"Little Women" is the second play given at East Duplin this year, and promises to be as delightful an evening of entertainment as was "Here Comes Charlie" "Little Women" may be seen April 5-7, at 7:45 P. M. in the Beulaville Elementary Auditorium. The public is invited to support this fine effort by these boys and girls.

East Duplin's Thigpen All-East

East Duplin's Ada Thigpen, outstanding basketball star, has been selected All-East by the Prep Clipboard's special All-East committee.

Honorable mention from the East Central goes to Eva Taylor, North Duplin, Janet Blanchard, Wallace-Rose Hill, Margaret Harper, SouthLenoir, Peggy Taylor, SouthLenoir, and Marsha Simmons, Southern Wayne.

ESEA Aids In Fight Against Measles

Mrs. Martha Williams, ESEA Nurse is assisting Dr. John F. Powers, Duplin County Health Officer, in conducting an immunization clinic. These children are enrolled in Chinquapin School #2 and because of the shots they are getting they will escape the drastic results that can be brought on by Measles.

Measles immunizations were given to 82 students at Chinquapin School #2, and 52 at Branch Elementary School on March 16 and 17 respectively.

The vaccine was purchased by ESEA funds and given by the ESEA School Nurse, Mrs. Martha Williams, who works in both of these schools. Mrs. Williams was assisted by Mrs. Rebecca H. Judge, Director of ESEA School Nurses, Medical Supervision for both clinics was provided by the County Health Officer, Dr. John F. Powers.

A pamphlet issued by the State Board of Health "What are the facts about measles" was sent to the parents to provide them with important information about measles. They also received a questionnaire so that certain information would be on hand about each individual receiving the vaccine.

Measles is one of the most common communicable diseases. It is so highly contagious that practically no one escapes having it sooner or later; unless of course they have been immunized against it.

A person who is infected with measles can spread the disease to others for 2 to 4 days before symptoms appear. The first symptoms are very similar to those of a cold, therefore a person may spread the disease to many others before he even realizes that he has it.

Although measles might not seem to be a severe disease, serious complications can occur. Such complications as pneumonia, encephalitis (inflammation of the brain), and ear infections can result in permanent damage. An alert, healthy, intelligent six year old child could become mentally and physically handicapped for the remainder of his life as a result of complications following an attack of measles. The very thought of this is enough to make everyone realize how important it is to wipe out this disease. It can be done if every child who has not already had the disease is immunized against it. Your doctor and your Health Department stand ready to help you fight measles.

WEIL'S FERTILIZERS

Tested on the farm PREMIUM BRANDS

... are fortified with SUL • PO • MAG ...

to Make Better Quality in the Field . . . More Money at Market Time!

WEIL'S A-1, 3-9-9
Weil's A-1 Tobacco Grower has been tested on the tobacco growing soils of Eastern Carolina and proven to be "tops in the field" adaptable to all soil types.
Weil's Premium Brands or Tobacco Grower contain the 6 major plant foods plus trace elements.

WEIL'S HORMO-FERT
Made in recommended grades for cotton, tobacco, corn, grain, truck crops and sweet potatoes. HORMO-FERT grows more and stronger roots, producing greater yields at less cost.

WEIL'S RIPENS RIGHT SIDE DRESSER
The tobacco side dresser that has shown the way. Ask any farmer who has tried WEIL'S RIPENS RIGHT TOBACCO SIDE DRESSER in test with other side dressers.

There's a WEIL'S BRAND . . . To Suit Your Crop and Suit Your Land!

Most of WEIL'S PREMIUM BRANDS are available in both pulverized and granulated form. WEIL'S Tobacco Fertilizers this season will be high in nitrate nitrogen . . . low in chlorine and high in sulphate, potash and magnesium as recommended by North Carolina State University Tobacco Specialists!

We Manufacture Regular Grades of Fertilizer For All Crops!

— We also have Fish Pond Special Fertilizer. All of our regular crop grades for Corn, Cotton, Truck, Soybean, Sweet Potatoes are especially blended with the various plant foods to make you a good crop. Each brand carries the six major and minor plant foods including magnesia and a minimum of 25% nitrogen from nitrate form.

Car

Continued From Page 1
Policemen living in Faison observed the abandoned car on his way home from work.
Later in the day an alert was broadcast on the stolen car.
Policeman Starke recognized it as the car he had seen

earlier. The car was apparently unharmed but out of gas.
