Civic Minded Citizens Endorse Plan Support JSI & Error

The Times-Sentinel seems to be in a new business this week. Winford Howard, our shop fore-man, and Pat Ferrell with Jaman, and Pat Ferrell with Ja-mes Sprume Institute, have made a skull with linotype metal. James Saunders, also of James Sprumt, and Pat started the skull with modeling clay and cast a die of plaster of Paris. They brought the die to the office and Winford poured the hot metal into the die, Result - a perfect skull about three inches high weighing five pounds.

Your response to us on our Progress Edition has been great. We appreciate it so very much. This morning a lady who is living in this section, but from another part of the United States, came to the office to buy three copies of the paper. She said that she wanted to send them back home because they didn't know what this county was like,

....

Reeves Brothers Open House was most successful last Sa-turday and well attended. The torg of the plant was litteres-torg and informative. It's always a shock to me to go into a plant in Duplin County as it is something so new to the county. Reeves Brothers is spacious, code light and attractive. It looks like a "reall y good" place in which to work. It was fascinating to see them curting out the pillow covers, -1 don't know how many, thousands at making throws for furniture tables and beds, it was all quite fascinating.

.... How did you like the sound of

The Dunlin County Sheriffs Department reports a series of robberles in the rural areas of the county in the past week. Deputy Graham Chestnutt and Irvin Outlaw said that Gerald McGowan of Route 1, Falson, reported a five row duster was stolen from his farm last week. The duster was new, had been that rain last night? Wonderful wasn't it? Maybe the gardens will start growing now. The duster was new, had been

Campaign

Quarterly Meet Shooting Probed Duplin County will hold its second quarterly meeting at the country Squire at 7 p.m. Wed-nesday, March 28. Tresident Nick Kaimar said that this should be the most interesting meet of the society to date, as there is little bu-siness to be transacted. Guest speaker for the dutch dinner meeting will be Mr. Wil-lam G. Faulk, Jr. from the Brunswick Town State Historic DeepBottomArea the affair which took place be-tween 1 and 1:30 Sunday morn-

An early Sunday morning shooting at Teachey's Grill in the Deep Bottom section of Duplin County resulted in one man being jailed while the other hovers near death at Duke Hos-nital in Durcher

pital in Durham. Eddie Lee Smith 20, negro of Rome 2, Wallace is being held in Duplin County jall, accord-ing to Sheriff T. Elwood Re-velle, Smith was charged with assault with intent to kill and runswick Town State Historic Brunswick Town State Historic Site in Brunswick County, The program will probably include slides on the excavation 'ef Brunswick Town. President Kalmar would like to remind interested persons that the April 26 meeting is the deadline for charter mem-bership. Anyone wishing to be-come a charter member is ur-ged to contact a member of the was jailed following hearing be-fore Justice of the Peace, W. J. Sitterson. Bond was set at \$5,000.

James W. Scarborough, 19, negro, also from Deep Bottom is in Duke Hospital where his condition is listed as critical. He was shot near the temple with a .22 caliber pistol. Investigation is continuing in ged to contact a member is ur-HistoricalSociety and attend the meeting at the Country Squire at 7 p.m., April 26,

with 700,000 circulation, so I guess our little plant looked like a play toy to him. I will not attempt to spell his name, be-cause I can't even pronounce it.

He was looking at our Li-notype machine. His interpreter said that they used a mono-type which has 2000 characters where our's has only about 100. The Editor further stated, th-The Editor further stated, they rought his interpreter, that they did not have small weekly pa-pers scattered about as we do, but usually one large paper to a state. In further conversation I discovered that their states are each about the size of Duplin County with a population about the size of the entire state of North Carolina. I asked him about "offset" printing in Ja-pan, but between the Japanese Editor, the interpreter and my-self we got our wires crossed and I never did quite understand what he meant. Well, maybe I will get there some day and see for myself.
