with it's beautiful ? ? weather, pretty flowers and rees, it is a month in which it seems every meeting is crowded to wind, up the bus-iness of a winter's work. Not only that but it is set

aside to Proclaim every kind of week. Just a few: Ground Water Month in N C.; Senior Citizens Month; Fire mans Week; Policeman Week; Na-tional Nursing Home Week these are just a few I could ue for one entire page, but I will not.

Have you ever tried to play olf? It is the most exasperating, baffling game that I have sver attempted. That one little ball can provoke more language than ing else. Being a strong healthy person, I started g to learn the game about g to learn the game about years ago with no misgivings BUT today I am where I was three years ago instead of two. Of course I excuse myself because I do not have much time to practice (which is true); also another excuse is I haven't gotten the swing yet (which is true); also that I do not take it periously and do not care (which is a lie)

But to concentrate on all of

care (which is a lie)

But to concentrate on all of
the necessary procedure-right
grip, proper stance and squat,
no bent left elbow, weigh shift,
head down and eye on the ball.
Then swat just knowing you
are going to get 150 pards, But a going to set 150 wards, But us eye is still of the out the -- ball is still right ere you placed it or only out 15 feet down the fairway. It well, it's good exercise.

nationProceeding In Beulaville

Condemnation proceedings have been filed by the Town of Beulaville against six of its property owners to widen busy North Carolina Highway 24, which also serves as the town's main street.

Beulaville is a thriving town located directly on the main

route that connects two of the nations largest military bases, Fort Bragg and Camp Lejeune. Hailed by many of the town's citizens as an opportunity of a life time, some few property holders felt that they would be
