I hope that all of you had an opportunity to see the Sidewalk Flower and Art Show in Warsaw on Sunday, it was really amazing. The weather was beautiful - a balmy, not too hot, not too cold, perfect day. The shade of the beautiful old trees cast shadows over the work of art, and God made work and Man made work blended into an inseparable atmosphere.

other towns in the county.

I made my annual "over-night" visit to Meredith College last Friday night and it was real-l-y fun. I know they have a group of wonderful girls on Faircloth, thirdfloor, However, I did not see as many as usual—
I asked the girls Why they were
so quiet and if they became
that much more dignified when
they were sophomores. The
floor was "ghostly" quiet. They
laughed and said that most
of the girls were away for the
week and.

Margaret, her roommate, her sulte-mate s and I celebrated Margaret's birthday with supper at Ballentines and then on to the fair. I estimated about ten thousand on the Midway, thinking that sounded like a large number, and knowing that I was on the verge of smothering. The next morning the paper ing. The next morning the paper stated 240,000 at the Fair on Friday, and I wasn't surprised.
By time we reached the exhibit building it was time to go back to Meredith, so I will have to say my '67 impression of the fair was CROWDS.
