Bat Bites Kenansville Lady

A very vicious little creature entered the home of Mrs. Mar-garet Dall in Kenansville Monday and bit her on her hand. The unwelcome little visitor proved to be a batt, and Mrs. Dall is taking the dreaded ra-bles treatment.

Mrs. Dail said that she notices the very small object on the window curtain of her upstairs bedroom and thought that it was a bird. She caught the supposedly bird in an effort to put it out doors, and the batt sank its teeth into a finger on her right hand. She went down stairs clutching the batt, called her daughter, Anne and told her something had bit her. By this time the batt had spread its wings and Anne recognized it as a batt.

Mrs. Dail contacted the local Health Department and they advised her to see her private physician immediately, and take the dreaded rables treatment.
The serium had to be obtained from Raleigh so treatment was not started until

Tuesday when Mrs. Dail took the first of fourteen shots. The Dail home has a disappearing staircase to the at-tic which had been opened over the week end, and Mrs. Dall thinks the batt must have been in the attic and came down to the unstairs bedroom while the stair case was open.

Beulaville is in Womack Hospital at Fort Bragg, N.C. with a broken leg when he miraculous escaped death in a wreck Sunday about 7 p.m.

Roy Edward Pickett, was driving a 1986. Chevrolet 2-dr coupe on rural paved road 1800 between Lyman and Quinn's Store, Indications at the scene of the wreck were that the speed of the car was too great speed of the car was too great to take the curve. The car was skidding sideways when it hit the concrete bridge aburment, knocking out a column of the concrete resulting in da-mages to the bridge estimated at \$250. The car was totally demolished, and came to rest in the waters of Muddy Creek. Rescue workers said Pickett was pinned in the mangled wreckage. Had the car gone a few feet more before stopping, Pickett would have drowned.

transported Pickett to Duplin General Hospital where he was treated and sent to the Army Hospital at Fort Bragg.

This program was conceived by Dennis W. Ramsey, General Manager of Ramsey Feed Com-pany, Mr. Ramsey noted that the people of Duplin were served well by a modern, well-equipped hospital staffed with dedicated physicians, surgeons, nurses, technicians and supporting staff. He felt that it behooved the people to do what they

Searching For Outstanding Young Farmer

A program designed to bring about a better understanding of the problems and achievements of farmers in the Warsaw area was announced today by the Jaycees.

The Warsaw Jaycees are in search for their "Outstanding Young Farmer" of the year for the Warsaw area. If you are between the age of 21 and 35 and receive at least 2/3 of your income from the search of the search income from farming, please ask your farm supply dealer,

your oil distributor, or any Warsaw Jaycee for an application blank.

Once your application blank is completed it will be picked up by a Jaycee and turned over to a panel of three judges. These judges will pick a big winner who will be honored by a dinner in his honor in late Feb-

Tigers are plentiful and furious. Tobacco is marketed there without benefit of an auction sale. Licensed warehousemen buy the tobacco whenever the farmer gets it ready for mar-

are useed infarming operations

The soil in East Pakistan is very fertile requiring only limited amounts of commercial fertilizer.

Mr. Khan said that most commodities were much cheaper in his country however, tobacco sometimes brings as much as 60¢ per pound.

East Pakistan though separated from West Pakistan by India, a distance of 1,000 miles, is under one government. The national religion is Moselum, which prohibits drinking, and alcohol is used only by a very small percentage of the natives. This law explains Mr. Khan does not apply to tourist. Marriages are negotiate d by families and the divorce rate

Their native dress is more on the orential type than in America. Mr. Khan says their folk songs are different as is

their dances. The main difference is they have so many less cars. Mr. Khan is married and has

three children, a son age 6 and two daughters age 8 and 4. Apparently a devoted family man he was quick to produce a picture of his wife and children. He is also proud of his country and their efforts to progress. He believes that the Family Planning Program now being instituted in his country will prove invaluable as there are now 1100 persons per square mile.

Mr. Khan says that he has found much of value to take hme with him to improve their marketing conditions, but he values equally as much, the good will of the people he has met here.

Senator Simmons Files For Re-election

Leroy Simmons of Albertson | has filed for re-election to the N. C. State Senate for the No. 2 seat of the Tenth District. Mr. Simmons served in the 1967 term of the N. C. State Legislature and in the 1963 term.

In the past a rotation agreement among the four counties comprising the district prevented senators from succeeding themselves except on alternate terms. Counties in the district are Duplin, Sampson, Pen-

der and New Hanover. Simmons is currently a member of the local government study commission from the state Senate. He is a vice president of the North Carolina Farm Bureau Federation and chairman of its tobacco committee, He is a member of the committee of life sciences of North Carolina State University.

Among his activites is membership on the board of direc-tors of Tobacco Associates, of the SENCland Development Association and chairmanship of the Farm Bureau resolution;
