

ESEA nurses who work with the Duplin County School children are (l to r) Mrs. Matilda Callipher, Mrs. Rebecca Judge, Mrs. Maxine Kelly, and Mrs. Martha Williams. Absent when the picture was made was Mrs. Mary Pierce.

ASCS

COTTON REFERENDUM
Upland cotton farmers in the county will soon have an opportunity to decide if they can transfer 1969 cotton allotment, by sale or lease, outside the county but within the State. The referendum was held in 1965, covered only the 1966-68 crops. The referendum will be held by mail this year. The voting time will be May 13, 1968, through May 17, 1968. Those eligible to vote in the referendum are all cotton pro-

ducers on a farm having a 1968 cotton allotment. Ballots will be mailed to all known eligible voters on May 10, 1968. Eligible voters who fail to receive ballots may obtain them upon request at the county office.

Eligible ballots must be postmarked no later than midnight May 17, 1968. Voted ballots will be canvassed by the Duplin County Committee on May 22, 1968, at the Duplin ASCS County Office, Kenansville, N. C. The canvassing of the ballots will be open to the public.

SUMMER ANNUAL LEGUMES

Farmers participating in the feed grain, wheat and cotton programs have many idle acres as diverted acreage for 1968. A cover crop of annual legumes would be very beneficial for this land.

Through the ACP assistance of \$2.00 per acre is available for seeding a cover on this land. Listed below are crops that qualify for assistance as a cover crop, with the seed rates and seeding dates:
Seed: Cowpeas, Pounds or Bushels per Acre: 1/2 bushel broadcast, Date: May 1-July 15. Seed: Vetchbeans; Pounds or Bushels per Acre: 20 lbs. in rows 1/2 bushel broadcast, Dates: April 25 - June 1. Seed: Common Hairy Indigo, Pounds or Bushels per Acre: 8 pounds, Dates: April 1 - July 1.

Strenuous exercise and hot humid days are not good mixers -- both add to the work of the heart, the North Carolina Heart Association says.

Norwood J. Vann

NORTH CHARLESTON, S.C. -- Sergeant Norwood J. Vann, son of Mrs. Samuel M. White of Magnolia, N. C., is a member of an organization which has earned the U. S. Air Force Outstanding Unit Award.

Sergeant Vann, a fabric-leather-rubber repair specialist in the 437th Military Airlift Wing at Charleston AFB, S.C., will wear a distinctive service to mark his affiliation with the unit.

The unit was cited for achieving an exceptionally meritorious rating for distinguished service during a one-year period.

This is the second time the 437th has been so honored. Factors which led to the unit being named for the award include development of a highly responsible airlift organization which maintained vital airlift routes essential to the United States' overseas

Engagement Announced

Mr. and Mrs. Leroy V. Brown of West Trenton, New Jersey announce the engagement of their daughter, Jeanne Marie to Glenn William Rollins, Jr. son of Mr. and Mrs. Glenn W. Rollins of Warsaw.

A graduate of Erving High School and the Saint Francis Hospital School of Nursing, Trenton, Miss Brown is employed by Saint Francis Hospital as a staff nurse, maternity nursing. The prospective bridegroom is a graduate of James Kenan High School, Chowan College and attended the University of North Carolina. Mr. Rollins is presently stationed in Dover, Delaware serving in the United States Air Force.

The wedding is planned for August 10.

NCSU & USDA Develop High Quality Cotton

Scientists with North Carolina State University and the United States Department of Agriculture have developed a variety of cotton which could help the South stay competitive in cotton production.

The variety, TH 149, produces the high quality fiber sought by textile manufacturers.

Development of TH 149 was announced by Dr. R. L. Lovvorn, director of agricultural research at NCSU, and Dr. Hugh O. Gramann, acting director of the Crops Research Division of USDA.

a former NCSU faculty member who is now with the USDA at Beltsville, Md.

TH 149 produces acceptable yields, large bolls and large seed. It is well adapted for spindle-type machine harvesting. It also has good storm resistance and moderate resistance to fusarium wilt.

The main advantage of TH 149 however, is its "excellent fiber properties." It ranks high in both fiber length and fiber strength, two qualities needed by modern textile manufacturing.

"I think cottons like TH 149 are a must if we are to keep Southeastern cotton competitive with California cotton and with synthetic fibers," said Dr. Miller.

The "TH" in the name of the new variety comes from the words "Triple-Hybrid." Part of the breeding work which led to the development of TH 149 goes back to 1940. Cottons from Asia, Mexico, and North Carolina are found in its ancestors.

commitment to the free nations of the world.

The sergeant was graduated from E. E. Smith High School, Kenansville, N. C.

He has served in Southeast Asia.

His wife, Gwendolyn, is the daughter of Mr. and Mrs. Frank Bethea of RFD 1, Magnolia.

Billy F. Findeisen

FT. BRAGG, N. C. -- Army Private Billy F. Findeisen, 20, son of Mrs. Alice Findeisen, Richlands, N. C., fired expert with the M-14 rifle near the completion of basic combat training at Ft. Bragg, N. C., March 7.

The expert rating is the highest mark a soldier can achieve on his weapons qualification test.

His wife, Linda, lives in Beulaville, N. C.

William C. Henderson

FT. BENJAMIN HARRISON, INDIANA -- Staff Sergeant William C. Henderson, son of Mrs. Irma O. Henderson, Rt. 1, Box 9, Beulaville, North Carolina, has been assigned to

Headquarters and Headquarters Company (5027) at Fort Benjamin Harrison, Indiana.

Sgt. Henderson entered the Army in 1953, and completed basic training at Camp Pickett, Va. He was formerly stationed with the HQ VI Corps, Battle Creek, Michigan. He attended Chinquapin High School, Chinquapin, N. C., and Steed College of Technicians, Johnson City, Tennessee.

Henderson and his wife, Carolyn, reside in Indianapolis.

Stanley K. Marshburn

GREAT LAKES, ILL. -- Seaman Apprentice Stanley K. Marshburn, USN, 19, son of Mr. Hardy P. Marshburn of Rt. 1, Chinquapin, N. C., has been graduated from nine weeks of Navy basic training at the Naval Training Center here.

In the first weeks of his naval service he studied military subjects and lived and worked under conditions similar to those he will encounter on his first ship or at his first shore station.

In making the transition from civilian life to Naval Service, he received instruction under veteran Navy petty officers. He studied seamanship, as well as survival techniques, military drill and other subjects.

DODGE Charger

The clean machine!

Strange. Most car prices have gone up. Except on Dodge Charger. The Manufacturer's Suggested Retail Price on the standard 1968 Charger with V8 is \$88 less than that on the 1967 Charger (exclusive of optional whitewalls and chromed road wheels shown above). But then Charger has a way of being different. It's styled mean and clean. Quietly thundering under the hood is a spirited 318-cubic-inch V8. And can you name any other car that has had a sales increase of 392 percent over last year?

Where the figures do the talking
