Calypto Elementary School Third Grades Take Trip

On May 3, the Calypto School third graders and their teachers, Mrs. Ruby Bloom and Mrs. Nealie Watson, started on their class trip for the school year 1967-68. Miss Terrie Hatch drove the Activity Bus for them.

The group visited the Mt. Olive Pickle Company where they divided into groups, each of which was furnished a guide for a tour of the plant. This tour helped the boys and girls to understand some of the processes by which cucumbers from their own farms become pickles. After the tour they enjoyed a brief rest in the recreation room of the plant and then were sent on their way with his own jar of pickles.

The next stop was at the Broadcasting Station where Mr. Mayo helped them understand some of the mysteries of the sounds that come to us by means of radio.

Mr. Martin of the Mount Olive Post Office showed the group how letters, etc., are received and sent out to us. He even showed some of the boxes in which mail carriers place the mail for our particular mail

box before making up his bundle of mail for the route. One boy found his father's post office box and was able to see how it looked from the inside.

After a strenuous morning they were glad when the bus stopped at the Park and they could enjoy a good lunch and milk packed by the lunchroom personnel.

The afternoon stop was at the Bank where they were allowed to view machines and the money drawers of the tellers. Many of the children found the sample coin and had a good time making a wish with it. They returned to Calypto School in time to ride their buses home, tired, but happy and already planning where they would like to go in 1968-69.

Each one would like to say "Thank you" again to all the people of Mount Olive and of the Calypto School for such a pleasant, safe, and informative trip.
