Students Exhibit Wide Range of Talent

Students of Mrs. E. G. Griese are exhibiting a wide range of talent during the monthly art exhibit by Home Federal Savings and Loan Association in Warsaw. The 18 oils, mostly landscapes, are a mixture of originals and copies with several painted from photographs.

Mrs. Griese, instructor at James Sprunt Institute, conducts this class each Wednesday morning from 9 A.M. until 12 noon in the B. F. Grady School at Albertson. Students attend from the Duplin area, Pink Hill, and Mt. Olive. Mrs. Griese has been with James

Sprunt since 1964 and has taught are for 25 years. The present class has an enrollment of 15 which will close May 22; however a new class will begin in September.

Mrs. Griese has expressed her appreciation to Home Federal for their interest and time toward bringing to the public local talent which has afforded class members the opportunity of exhibiting their paintings which have meant much to each individual in expressing themselves through art.

"Although most began painting as a hobby, they are painting in earnest now - completely serious and many have surprised even themselves", she said.

She added, "It is just wonderful-how much local talent there is among Duplin people, and it is a pleasure to help them discover their ability and enjoy painting."

Home Federal has had many showings during the past two years, and exhibits by local talent have been most popular as Mr. Robert Kornegay, Vice President, at Home Federal said, "From the comments of local citizens, I believe that exhibits by area talent has been enjoyed more by fellow citizens. This proves that they have outstanding talent in a wide range and variety of paintings. We at Home Federal are proud to have shared in this exchange of culture which had its origin years ago in the desire for an adult training center. James Sprunt has helped to bring a wide range of vocations and hobbies for the betterment and enjoyment of Duplin residents."

"This month's exhibit is a tribute to local talent and is well worth your visit to our office to view the various paintings we are enjoying," he said. He concluded that next month's exhibit would be a surprise for local viewers!
