## Shady Haven Celebrates Anniversary

The second anniversary of the opening of the Shady Haven Nursing Home in Burgaw was observed on May 1. This has been a rewarding two years for the staff and personnel, serving and ministering to the needs of the residents who are making their home at Shady Haven.

The Home opened on May 1, 1966 as a combination Nursing Home and a Home for the Aging, however the demand for nursing care was so great, that in December, 1966 the status was changed, and Shady Haven was licensed as a Nursing Home rather than a combination.

The prestige and economy of the Burgaw - Pender County area has been helped greatly with the opening and operation of Shady Haven Nursing Home. This attractive, 72-bed nursing home at present has forty-eight full-time employees. The Nursing Home is presently contributing more than \$200,000.00 to the economy of this area. This will increase as the census increases and reaches its capacity.

There are also three Licensed Practical Nurses, twenty-one Nurse's Aides, four Orderlies, four in the housekeeping department, one Laundress, one maintenance superintendent, one maintenance man and eight employees in the kitchen. It often seems as though the only difference between history and hysteria these days is in the spelling.

Yes, the fish was too small to bother with, so I got a couple of guys to help me throw it back into the lake.
