Auxiliary Meets

Build on a clear foundation is the only sure way for the walls to stand was learned Friday night in a study of "Removing the Rubbish from the Foundation". The Womens Auxiliary of Long Ridge Church, Mt. Olive, Route 1 met at the home of Mrs. Nathan Scott to continue the study of the fallen walls of Jerusalem.

In the lesson study it was noted the men were tired and worn out from the burden of removing the rubbish from the many years of accumulation. The work could not stop, it had to go on. They could not build until the foundation was clean. The mortar would not stick to a trashy foundation.

Each person has a foundation in life, that foundation is Christ. If the rubbish of sin has accumulated on that foundation and fruit is not being born as it should, the rubbish should be removed before another step forward is taken. There is a negative type of rubbish found not so much in the individuals as in the Churches.

Those taking part in the lesson were Mrs. Nathan Scott, Mrs. Jonas Dail, Mrs. Bud Davis, Mrs. Henry Sutton and Mrs. Oarrie Scott.

Mrs. Sutton presided among business discussed was Bible school, June 3-8. A report of 146 Chapters read was given, also visiting sick and cards sent.

Meeting opened with song "His Way With Thee". Mrs. Scott read a portion of Nehemiah 4 for devotion. At conclusion she served refreshments to those present. Mrs. Oarrie Scott led the recreation with a short Bible quiz.

Satellite Messages

A personal transceiver, which man can use to speak to any person on earth, could possibly replace the telephone, as we know it today by 1985. Satellites using nickel-containing alloys will beam the signal toward the desired receiver wherever it is.
