

Opportunity Unlimited in Headstart

Head Start is a nationwide effort to give pre-school (ages 3-5) from culturally and economically disadvantaged backgrounds, and their families the education, medical care and social services they so desperately need.

Why, then, does your child need Head Start? A few of the reasons are given below:

1. Head Start will provide opportunities for the child which are available in no other way.

2. Head Start Centers care about health, food, and clothing as well as education.

3. The Head Start program is designed to fit the needs of each child—not to fit him to the needs of the Center.

4. Parents will have a voice in running the Center through Parent Advisory Committees. Opportunities are available to qualified parents to work on a paid or volunteer basis in the

Center.

5. Attendance at a Center is not a mark of shame because of the parents' poverty, nor an indication of their inadequacy. Rather it is an indicator of the parents' real concern that the child have the best that is available to him.

6. Federal officials will not permit discrimination in the Centers. Each child and his parents will be treated fairly.

7. The Center has programs for parents as well as children.

If you are interested in enrolling your child, visit one of our Head Start Centers in your area or the closest one to your home. They are located in Garland, Clinton, Astryville, Wallace, Beulaville, Maple Hill, Burgaw, and West Pender. Do not hesitate to apply because a Center is not in your immediate area. It may be that your child could come to one of these Centers. Won't you apply today!

WE SALUTE

BUSINESS AND PROFESSIONAL WOMEN

to a recent editorial in the Goldsboro News-Argus citing Liberty Hall in Kenansville as a major tourist attraction and said that other attractions could be developed as one good thing usually brought another. Mrs. Rabb mentioned The Country Squire as a major asset of the area for attracting visitors who are sightseeing and also looking for unusual and appealing places to eat. She said that former Governor Hodges often said that people - (1) would go where invited, (2) stay where they are welcome, and (3) return to places they like.

Accompanying Mrs. Rabb to the meeting was Mr. Jim Page, official photographer for the Travel & Promotion Department. Mr. Page took a number of photographs of The Country Squire and spent most of the afternoon taking pictures of Liberty Hall. Guests of the Club included visiting Rotarians Lindell

Powell of Clinton and Bob Thompson of Wilmington. Also Bobo Potter of Warsaw, Jerry Powell of Roanoke, Virginia, Eck Wall of James Sprunt Institute, and Mrs. Willard Fussell of Teachey were visitors.

President Richard Cavanaugh announced that Ladies Night would be held on Thursday, June 27.

Senior Citizen

Mrs. Edith Stroud Grady

Mrs. Grady, who celebrated her 91st birthday in April, is one of the most interesting persons imaginable. She lives with her son and his family, Mr. and Mrs. Robert Grady Rt. 1, Albemarle. The lovely brick home is new, but is located on the site where Mrs. Grady started house keeping as a bride.

Among her most cherished possessions is a massive antique bed room suite, the first item of furniture purchased when she and her late husband, Fred Grady, started house keeping. The suite consists of a very high bedstead, handsomely carved in beautiful details, matching dresser, wash stand and bed side table each topped with marble.

Mrs. Grady's children are: Mrs. Lillian Williams, Newport News, Va.; Mrs. Mamie Davis, Davis Shore, N. C.; Mrs. Zephia Mewborn, Savannah, Ga.; Mrs. Sallie Smith, Mrs. Millie Oates, Leonard, Robert and Durham, all of Rt. 1, Albemarle. She also has 24 grandchildren, 43 great grandchildren, and two great, great grandchildren.

Mentally alert and vitally interested in people, and their activities, she attributes her longevity of life to hard work. Left a widow before her children were grown, she has spent a life time of work and even now keeps her own room, does her own laundry including ironing, washes dishes and tends a flower garden.

She is remarkably healthy, has never been a patient in a hospital and has had very little sickness, eats anything she wants and has never been bothered with indigestion. She does admit to a little arthritis or stiffness, but admits she is in good condition for her age.

Falling vision prevents her from reading and chopping in the vegetable garden, because sometimes the vegetables were chopped instead of the grass.

She attended Pleasant View Presbyterian Church as long as she was able, but now finds difficulty in getting up and down steps or in and out of cars.

But just because Mrs. Grady doesn't get around, that doesn't mean that she is no longer interested in life. She loves people and likes to share their activities.

She is truly young at heart and a joy to visit.

E. of Chinquapin, and Jack Foster of Waynesville, Mo.; three brothers, Lib and Lonnie Edwards, both of Beulaville, and Eland Edwards of Rose Hill; 25 grandchildren and 11 great-grandchildren.
