Marsha's Prescription:  
Smile!

There's this to be said for a world crisis: we learn a lot of geography.

Before the year is out, 3,500,000 kids will turn 18. And 7,000,000 parents will turn pale.

She was so skinny even her sunburn didn't fit.

You can identify a reckless driver when the tiger in his tank takes out hospitalization insurance.

Know why things are always in the last place you look? Because after you find them, you stop looking!

You can stop looking for your back to school - school supplies. Our Little RED School is bursting with your needs. Visit BREWER DRUG CO. IN PINK HILL TODAY.

# Sanitation Ratings Released For Duplin

The Sanitation Section of the Duplin County Health Department released the following establishments and numerical ratings under the supervision of the Health Department in co-operating with the State Board of Health.

The sanitation ratings consist of Restaurants, Meat Markets, School Lunch Rooms, Lodging Places, Food Stands, Abattoirs, and institutions. The numerical rating is based on a system of scoring wherein an establishment that receives at least 90 % shall be awarded Grade A; all establishments receiving a score of at least 80 % and less than 90 % shall be awarded Grade B; all establishments receiving a score of at least 70 % and less than 80 % shall be awarded Grade C; and no establishment receiving a score of less than 70 %, or Grade C, shall operate.

Sun - Drop IS GOOD

ELECTRIC BOTTLING CO. WILMINGTON, N.C.

# If I switch to electric heat this summer will people think I'm smart?

## Maybe not for at least 3 Months!

Then you can be real smug about how smart you were. After all, summer's really the best time to replace a faulty heating system. To begin with, you don't need any heat now, so there's no problem about making the changover. Then, summer is the slack season for many heating dealers and contractors, so you avoid the winter rush—and may save money by doing so. Only with flameless electric heat do you have such a variety of systems from which to choose. There's one designed for any home heating job. With some you have the unique advantage of individual temperature control for each room in your home. With others you can have central heating controlled by a single thermostat. Since all electric heating systems are flameless and fumeless, they are free of any trace of soot, smudge or smoke. Install electric heating now, enjoy unexcelled comfort later. We'll be happy to help you plan for it, and you'll be glad you did.
