

The U.S. Department of Agriculture has announced a national marketing quota of 10,000,000 bushels (standard bushel of 56 pounds gross weight) and additional acreage allotment of 10 million acres for the 1970 crop of upland cotton. In addition to the national acreage allotment, the Department also announced a national acreage

in the same as for the past several years and to the national marketing quota. The quota of 10,000,000 bushels (standard bushel 56 pounds gross weight) is the result of converting the 10-million-acre national allotment on the basis of a 3-year (1958-60) average yield of 600 pounds per planted acre. The national acreage allotment of 10 million acres and the
