"Bulldozer" Johnson and his crew push a good neighbor program.

Liberty
They clear and plow beneath CP&L's transmission lines so others can plant.
"Bulldozer" has been at it over twenty years, probably as long as anybody in the business. CP&L helped pioneer the good neighbor approach to land conservation.
Who benefits?
... farmers who get extra crop acres,
... wildlife clubs who develop small game areas,
... everybody who likes to look at lush green land.
Power for progress and the good neighbor program go hand-in-hand.
And nobody pushes harder for both than "Bulldozer" and his crew.
