

### Grants To Continue

The regional office of the U.S. Labor Department in Atlanta has notified the Employment Security Commission that grants to aid unemployed scientists and technicians will continue through June 30, 1973.

We have authority to administer the Technology Mobilization and Reemployment Program through the end of the fiscal year, reports State Employment office Manager, Elizabeth H. Grant here.

Funding for other manpower programs is questionable, she believes, because of the President's proposal to disestablish the Office of Economic Opportunity, and also because of stricter federal budgeting to various state and local manpower agencies.

TMRP is a federal program administered by the states to provide job-search, relocation grants, and training funds to scientists, technicians, and engineers unemployed because of cutbacks in defense spending in the aerospace industries.

"Of course, unemployment from these professionals hasn't been as serious here in N.C. as in states with big aircraft and aerospace companies," says Mrs. Grant, "but we have received about \$35,000 since last March under TMRP."

She said the State currently has 73 jobless individuals enrolled in the program. Another 115 have found employment with ESC assistance, and State Employment offices have placed 15 directly into jobs.

**CROCHETING IS FUN**--That's what all the ladies in the Crochet Class at Fountain Community Center say as they meet each Wednesday. Many come in the morning and stay all day, bringing refreshments to share with others. It is interesting to note that the age range in this class is from 19 to 81. Sandy Williams, a JSI College Prep student, is 19 and Mrs. Nora Fountain, for 48 years a widow, is 81. Part of the class is pictured L to R: 1st row:

Viola Fountain, Vera Futrell, Fionnie Bay-sden, Nora Fountain, Myrtle Fountain, Iona Williams; 2nd row: Marquerite Smith, Reba Jones, Nell Bryan, Marilyn Brown, Frances Fountain; standing: Jean Nethercutt (Instructor), Reba Fountain, Minnie Shepard and Mattie Bryant. Another Crochet and Knitting Class, which is also an extension class under JSI, is held at the Fountain Community Center each Thursday night at 7 p.m.

### TOBACCO SUPPORT

The average price support for flue-cured tobacco in 1973 will be 76.6 cents per pound, compared to 72.7 cents last year. The average support for burley tobacco will be 78.9 cents a pound. It was 74.9 cents last year.

### Attend Bank Meeting

Oreal Chambers, Assistant Vice President and Loan Officer; Myrtle Faircloth, Assistant Cashier, Waccamaw Bank and Trust Company, Rose Hill, N.C.; Lorraine Griffin, Assistant Cashier, Waccamaw Bank and Trust Company, Beulaville, N.C.; Mattie S. Minshew, Assistant Cashier, and Y'vonne E. Patterson, Assistant Cashier, Waccamaw Bank and Trust Co., Kenansville, N.C., will attend the spring meeting of the N.C. Group of the National Association of Bank Women, Inc. to be held in Charlotte April 28-29, 1973. The theme of the meeting will be "Let's Put It All Together."

Mrs. Annie Rose Reynolds, Assistant Vice President, N.C. National Bank, Raleigh, is Chairman of the N.C. Group of

N.A.B.W. and will preside at the meeting.

Among the featured speakers will be Mr. A. McNeill Upchurch, Vice President and Trust Officer, N.C.N.B., Charlotte; Mr. Myron H. McBryde, Security Officer, Wachovia Bank and Trust Co., N.A., Winston-Salem; and Mrs. Anita D. Eovvitt, Vice President of the Peoples Bank and Trust Co., Rocky Mount, and Regional Vice President of the Southeastern Region of N.A.B.W. The National Association of Bank Women, Inc. is an organization for women holding executive and official positions in banks, savings banks and trust companies. There are approximately 11,000 members in 50 states and 4 foreign countries.

**OLD DOGS CAN LEARN NEW TRICKS**--That's what Mrs. Nora Fountain cheerfully told visitors to the Crochet Class at the Fountain Community Center recently. "Mrs. Nora" is 81 years old (or we should say young) and is learning for the first time to crochet (last year she learned to knit) and instructor, Jean Nethercutt, readily agrees that she is a star pupil. Being a widow for 48 years and rearing four boys and one girl hasn't dampened the glowing spirit of this wonderful lady. She said that only sickness can keep her away from her Bible Class twice a week and her crocheting all day on Wednesday. "Mrs. Nora" keeps herself happy and busy making quilt tops and such for her grandchildren and others. Mrs. Nora Fountain is a good example of the fact that the extension classes from JSI can enrich the life of those who will take advantage of these opportunities to learn and to have fun doing something really worthwhile.
