## FATHER'S DAY LORE AND LEGEND

Although we tend to take Father's Day for granted, it was only a year ago that it was established permanently by congressional resolution. Since 1910, the occasion had to be designated every year, rather than observed automatically, like Mother's Day. How it became part of the calendar is an interesting story of angry battles in Congress and protest all across the land. One of the most notable efforts was launched by Senator Margaret Chase Smith who, in 1957, sent a proposal to Congress which read, in part: "... The Congress has been guilty now for forty years of the worst possible oversight, to say the least, perpetrated against the gallant fathers, young and old..." for many years, with greeting cards of endless variety. Today the sending of a Father's Day card is an important part of the custom of honoring Dad on what is finally and officially HIS day!

Companies like Norcross, Inc., have been helping pay tribute to "gallant fathers... young and old..." for many years, with greeting cards of endless variety. Today the sending of a Father's Day card is an important part of the custom of honoring Dad on what is finally and officially HIS day!
