

PRO I. B. DUFFER
Ramblewood CC

Duplin Pro R. C. Kinlaw reports Junior Golf Tournament scheduled at the club last week was postponed only three players showed up to play in the event. Some gave working as a reason for not attending the clinics or for the tournament. The golf tourney play at DCC, is and has been for the past year, at its lowest ebb...very few members have been participating in the few tournaments held.

All boys 17 and under that would or can come out next Saturday morning, August 11th at nine o'clock Pro Kinlaw will set up the Junior Golf Tournament then... so invite some other boy to join you in this year tournament.

Ramblewood's Butch Budd joins Duplin's Bubba Grant as being eligible to win a free trip to Scotland and \$1,000 in cash as a result of scoring a hole-in-one. Budd and Grant qualified for the Rusty Nail Hole-In-One Sweepstakes, a national competition sponsored by the Drambuie Company of Edinburgh, Scotland.

The Mount Olive Jaycees are once again sponsoring Jaycee Pickle Classic at Southern Wayne Country Club in Mount Olive, Saturday and Sunday, August 18-19. Prizes awarded in each flight are \$200, \$125, \$75, and \$50. All golfers interested in the two-man best ball event should contact Pro Charlie Finwall at SWCC.

Warsaw's young golf hopeful Brian West was injured slightly last week and was unable to enter the Junior Golf Tournament scheduled at Duplin. Well, Brian, know how a "streak of good luck" the tournament has been re-scheduled for this coming Saturday morning... let's hope

you can play.

Rockfish's Linda Briggs won the ladies golf tournament held at Buccaneers CC in Burgaw last week with an 80. Burgaw's Eloise Reade won second place with an 85. Linda is a member of the Sandtrappers League consisting of Ladies from eight clubs in this area. The next ladies tournament on tap will come Tuesday, August 28th at Fort Fisher Country Club.

Wallace's Bully Apple will be playing in the 6th Annual North Carolina Junior Amateur Championship Golf Tournament at Alamance Country Club in Burlington, August 14-17.

Duplin Pro R. C. Kinlaw urges all members at Duplin to make plans to play in the President's Cup golf tournament set for Saturday and Sunday, August 25-26. The tourney will be 36 holes players using full handicap with trophy going to winner.

Rockfish Pro Gene Briggs urges all golfers to qualify for the club championship coming up at the club later this month. All planning to play must post 18 hole score in pro shop.

Cousin George Kornegay had the pleasure of playing the Murray Cashwell in the "member - member" golf tourney held at Southern Wayne Country Club sometime back.

All golfers at Duplin planning to play in the club championship next month must post five complete 18 hole scores in pro shop during August. If you play in tourney this month, president's cup, you can use them for qualifying for club championship.

The Least We Can Do

With all the environmental problems facing us today—unchecked land development, water and air pollution, fuel shortages—it seems almost sit-pleasing to write about littering.

Two and a half million is the estimate of what it costs each year for cleanup up the litter in North Carolina, and you and I are paying that bill in taxes. Experts also say that this figure is growing each year.

So what are we doing about it? Not a whole lot, it turns out. In 1971, the General Assembly upped the maximum fine for littering from \$50 to \$200, but if that's had a deterrent effect on the litterbugs, it isn't noticeable. One need only to look along the side of any road in the state to determine that.

True, slightly more than a thousand people were prosecuted in North Carolina last year for littering, but the threat of arrest and fine are clearly inadequate. For one thing, litter tossers are hard to catch, and even if you catch one, it may not make much of an impression. The litter-bug might even bill up the receipt for his fine and abscondedly fling it on the ground in front of the courthouse.

Facing the problem fore-square it is obvious that while many people would no more litter a roadside than they would dump garbage in their living room, there are plenty of other who have no such qualms. In fact, for many people (I cannot resist the temptation to call them slobs), littering is as natural as breathing.

Whatever the root causes, it is fully apparent that the problem will not be licked by massive public education programs (which have largely failed) or through the slim threat of arrest. The answer is, of course, to find some other, more basic approach to the problem. That's what several states are considering, and at least one state—Oregon—has already found what appears to be a real solution.

According to a recent column by James J. Kilpatrick, Oregon placed its anti-litter law in effect, October, 1972. The law prohibits outright any cans with pull-tab openers, and all beer and soft drink containers MUST be refundable.
