Mr. and Mrs. Bruce Butler of Bowden Drive were the recipients of the Kenansville Beautification Committee's "Yard of the Month" award for September. This neatly, well-kept yard has fall flowers blooming at this time along with well manicured greenery. Mr. and Mrs. Butler have added dignity and beauty to the community. Last year Kenansville won the "Beautification Award" in a state wide contest for small towns. The town is entering the same contest again this year.

In order to create more interest among home owners to make their yards more attractive, the Beautification Committee is sponsoring a "Yard of the Month" contest.

Letters have been sent to all business and property owners in town asking that they help by keeping their premises neat and attractive. It is desired that grass and weeds be kept cut in each yard as well as the area between local ownership and town or state property. Garbage should be stored in closed containers so that it will not spill or be strewn by animals or wind.

The first two weeks in October have been designated as "Clean up time" for Kenansville.
