very much. Mrs. Ace Sumner is always entertaining to our residents and we all look forward to her coming.

The highlight of the month was the covered dish supper on August 30th. We had very good participation with the residents, their families and the staff. Food was plentiful and delicious. We plan to make this a quarterly affair. This was the day the dietary department had monitored residents' diets so that they could eat their desires and fill. Residents enjoyed this affair tremendously. Many compliments have been very complimentary about the supper and we all look forward to the next covered dish supper.

Residents and staff are getting ready for a yard sale and bake sale on September 17th. The proceeds will go to buy a sewing machine for our residents. We need your help.

Balanced capacity—more productivity, less maintenance

International 715/815/915 Combines

A big International combine answers the need to cover more acres a day with fewer grain losses. From cutting to unloading, balanced capacity meets varying crop conditions. Great for those extra-heavy hanging heads of maize. Plenty of grain header size from 10 to 24 feet, and the power to harvest at a fast pace with 144 to 162 hp.

- Low profile design—go through a 13-ft. door. Easier storage and transport, too.
- Fast changeover to other crop headers with Quick-Attach universal loaders.
- Hydrostatic all-speed drive and comfort-control cabs are standard.
- Big-mouth cylinder/concave space—extra room for crop to enter; exclusive lift and wire straw walkers.
- Unload grain thru 12-in. sugar tube. 148 bushels in 1½ minutes.

Let's arrange a demonstration. Finance plans available.
