NOTE OF THANKS
I wish to express my thanks to everyone who remembered me and my family during my recent hospitalization and since my return home. Your cards, gifts, flowers, money, food as well as your thoughts, prayers and everything will always be cherished in our hearts. Thanks to the nurses on third floor who were so nice to me and also to the doctors and to everyone for their care.

Mrs. Preston Bostic and family

Legal Notice
NOTICE OF ADMINISTRATION

The undersigned having qualified as Executor under the Last Will and Testament of Ed F. Grady, deceased, late of Duplin County, this is to notify all persons having claims against said estate to present them to the undersigned on or before the 8th day of March, 1978, or this notice will be filed in bar of their recovery. All persons indebted to said estate will please make immediate payment to the undersigned.

This the 8th day of September, 1977.

Edward Grady, Executor of the Estate of Ed F. Grady, deceased, Route 1, Box 197, Albemarle, NC 28608
H.E. Phillips, Attorney Kenansville, NC 28349 10-6-41-HEP

NORTH CAROLINA DUPLIN COUNTY
NOTICE OF SALE FOR PARTITION

Under and by virtue of an order of the Superior Court of Duplin County, made in the civil action (File No. 77 SP 122) therein pending entitled Walter R. Johnson, Plaintiff, vs. Jennie Pauline Williams Johnson, Defendant, and signed by His Honor, Robert L. Gavin, Judge Presiding at the September 12, 1977 term of said Court, the undersigned, who were by said order appointed commissioners to sell the lands described in the petition, will on the 28th day of October, 1977, at 12:00 o'clock noon, at the door of the Court-house in Kenansville, North Carolina, offer for sale to the highest bidder for cash, subject to the lien of a certain deed of trust from Walter Randy Johnson and wife, Pauline W. Johnson, to Archie C. Walker, Trustees for Wachovia Mortgage Company, said deed of trust is dated December 19, 1960, and recorded in the Duplin County Registry in Book 867 at Page 168, but subject to confirmation by the Court, a certain lot or parcel of land lying and being in the Town of Magnolia, Magnolia Township, Duplin County, North Carolina, and more particularly described as follows:

North 77 degrees 00 minutes East, 178.45 feet to an iron pipe in the Western edge of McPhee Street; thence with the Northern line of Bleeker Street; thence with the Northern line of Bleeker Street, South 77 degrees 00 minutes West, 525.27 feet to an iron pipe in a ditch, Brook's line; thence with Brook's Line along said ditch North 00 degrees 36 minutes West, 118.75 feet to an iron pipe, corner of Lot No. 2; thence with the line of Lot No. 2, North 77 degrees 00 minutes East, 321.19 feet to an iron pipe in said line; thence North 13 degrees 00 minutes West, 90.00 feet to an old iron pipe; thence

North 77 degrees 00 minutes East, 178.45 feet to an iron pipe in the Western edge of McPhee Street; thence with the Northern line of Bleeker Street, South 77 degrees 00 minutes West, 525.27 feet to an iron pipe in a ditch, Brook's line; thence with Brook's Line along said ditch North 00 degrees 36 minutes West, 118.75 feet to an iron pipe, corner of Lot No. 2; thence with the line of Lot No. 2, North 77 degrees 00 minutes East, 321.19 feet to an iron pipe in said line; thence North 13 degrees 00 minutes West, 90.00 feet to an old iron pipe; thence

Balanced capacity—more productivity, less maintenance

International 715/815/915 Combines

A big International combine answers the need to cover more acres a day with fewer grain losses. From cutting to unloading, balanced capacity meets varying crop conditions. Great for those extra-heavy hanging heads of maize. Plenty of grain header size from 10 to 24 feet, and the power to harvest at a fast pace with 144 to 162 hp.

- Low profile design—go through a 12-ft. door. Easier storage and transport, too.
- Fast changeover to other crop headers with Quick-Attach universal loaders.
- Hydrostatic all-speed drive and comfort-control seats are standard.
- Big-mouth cylinder/concave space—extra room for crop to enter; exclusive fin and wire straw walkers.
- Unload grain thru 12-in. auger tube, 148 bushels in 1½ minutes.

Let's arrange a demonstration. Finance plans available.

IF YOU THINK IT DOESN'T MATTER HOW MUCH ENERGY YOUR HOUSE USES, TRY MULTIPLYING BY 57 MILLION.

For some six years now, we at CP&L have been talking about ways that you can cut down on your energy bill. Now, to prove that they work, we've put together some figures, based on the following assumptions.

67 MILLION BTU'S PER YEAR.

The house on the left side has storm windows and doors, and proper insulation. During the summer, the thermostat is set at 78°. In the winter, it's set at 62° at night and 65-68° during the day. The family is also very careful about using hot water and appliances.

122 MILLION BTU'S PER YEAR.

The house on the right has no storm windows or doors, only standard insulation. The thermostat is set at 72-75° during the summer months; 72° during the winter months. The family practices no energy conservation. In a year, the house on the left uses about 28% less BTU's (units of energy) than the house on the right.

So you can see how you can save money. And, just as important, you can affect the whole country's energy supply when you consider that there are 57 million homes in America today. If every home conserved energy like the one on the left, this country could save over 337 million barrels of oil in a single year. And that's a sure way to help control this country's energy situation in the future.

AMC Concord D/L.

1978 CONCORD 2-DR D/L

The luxury Americans want. The size America needs.

The first thing you notice about the Concord D/L 2-door sedan is the incredibly striking appearance. Everything about it says luxury. Outside, there's a formal Landau vinyl roof with opera windows, whitewall tires color-keyed wheel covers, wide color-keyed body side scuff moldings, even an elegant hood ornament. Inside are luxurious individual reclining front seats, crushed velvet upholstery throughout, plush carpeting, wood-grained instrument panel, Extra Quiet Insulation, carpeted trunk and spare tire cover, an electric digital clock and much more. And you get all these "extras" at no extra charge.

But the Concord D/L doesn't just look great, it's an outstanding performer, too. Its size, for example, makes it easy to handle and maneuver. And it has a standard 232 cubic inch engine to give you the 6-cylinder power you need to cruise comfortably and pass safely on the highway. And Concord D/L is covered by AMC's exclusive Buyer Protection Plan.

The Concord D/L comes in 2-door and 4-door sedan models and in a 4-door wagon. Whichever you choose, we think you'll agree it's one of the finest, most beautiful cars AMC has ever built. It's got the luxury you want, the size you need, and a sticker price that makes it an incredible value!
