PCA Staff Member Attends Seminar On Farm Records

A member of the staff of Coastal FCA has just returned from Raleigh where he attended on October 5 an Agrifax seminar for Federal Land Bank Association and Production Credit Association personnel.

Agrifax is a farm record system that adapts today's computers to the farming business. Agrifax is designed to simplify record keeping for the farmer. Agrifax reports are of three general types - monthly management reports, year-end management reports and tax

management and tax reporting aids. This Agrifax seminar was designed to provide farm credit employees with the expertise and training needed to fulfill the unique record keeping and credit requirements of member-borrowers. The seminar was conducted by officers and staff of the Federal Intermediate Credit Bank of Columbia and the Federal Land Bank of Columbia, S.C. Attending the workshop was R.Z. Warren, fieldman.

The farmer-owned and operated Coastal PCA serves the short and intermediate term

credit needs of 1,700 farmers, growers and ranchers in Duplin, New Hanover, Forsyth and Brunswick counties with more than \$30,648,543 in short and intermediate term credit.

The Credit Bank provides leadership, supervision and agricultural loan funds for 58 PCAs which make agricultural loans through complete service offices in North Carolina, South Carolina, Georgia and Florida. The PCAs serve over 62,000 farmers, growers, ranchers and commercial fishermen with more than \$1.8 billion of short and intermediate term credit.

DUPLIN COUNTY ARTS COUNCIL GOING "BANANAS" - That's right! And so are junior high school students all over Duplin County. The reason is BANANAS, the spirited musical vaudeville show by the Southern Educational Theatre. Made up of slapstick comedy, this delightful show is performed by a group of energetic professionals all of whom have degrees in theatre arts. BANANAS will be presented Friday, October 14 to students at E.E. Smith

Junior High School at 9:30 a.m. and Warsaw Junior High School at 1:30 p.m., and it will be presented to other junior high school students in late October. This is one of the many programs being sponsored by the Duplin County Arts Council in the "Arts in the Schools Project," jointly supported by the Duplin County Public Schools and a grant from the N.C. Arts Council and the National Endowment for the Arts in Washington, D.C.

Open Letter

North Carolina State Police Highway Patrol Division State Headquarters North Carolina

Re: Patrolman Billy Ward

Dear Sirs:

If this man is an example of the state police in North Carolina, then all I can say is...

We have the finest men on our force in the whole world! He is, without a doubt, the most 'considerate', 'courteous', and 'just' law enforcement officer we have ever heard of or known.

He is sincere and dedicated in his actions concerning the law and its regulations, while at the same time recognizing the human factor that is always present. His decisions are always fair and just. He is a man to inspire confidence and respect for the law, especially among our young people. I have heard of many instances from several people, and I have personal knowledge of, where he was the investigating and/or arresting officer - and his

actions and manner created respect instead of resentment - acceptance instead of rebellion for the law and its authority. I am proud that my children have had the opportunity to see him handle different situations - now I don't have to teach them that a Policeman is not a 'boogie man' but a well-mannered, but firm, law man.

We are often too quick to speak criticism, but for once we thought we'd like to speak a word of praise for our law officers and for one patrolman in particular - Billy Ward. Thank you.

Sincerely,
Mr. and Mrs. Haywood Casteen
