David-Herring United In Marriage

Deana Joy Herring of Orum and Freddie Redwan David of Pembroke were married Saturday, December 31, 1977, in a two o'clock double-ring ceremony at Bloomingdale Baptist Church in Orum.

The bride is the daughter of Mr. and Mrs. Preston Herring of Orum. The groom is the son of Mr. and Mrs. Redwan E. David of Whiteville.

The Rev. Jimmy Rogers officiated the ceremony. Musicians were Mrs. James Cox of Lumberton, organist, and Mrs. M.G. McKenzie, soloist.

Church decorations included mixed white flowers and white candles.

Given in marriage by her father, the bride wore a gown of ivory organza styled with high neckline, long sleeves and full skirt with wide ruffles, topped with Raschel lace. Lace accented the sheer sleeves and the skirt. A mantilla edged with re-embroidered Raschel lace was attached to the crown-type headpiece. The bride carried a nosegay of bridal roses, yellow daisies and baby's-breath centered with an orchid.

Miss Penny Herring of Orum, sister of the bride, was the maid of honor. She wore a maize knit gown styled with criss-cross halter neckline, set-in waist, flared skirt and detachable chiffon cape.

Bridesmaids were Mrs. Shirley Bearhart, sister of the groom; and Miss Sandra Barnes, Miss Julie McKenzie and Miss Audrey Britt, friends of the bride. They wore gowns identical to that of the maid of honor, but the color was aqua.

Crystal Mercer, niece of the bride, was the flower girl. She wore a maize organza gown styled with a peter pan collar, sleeves that were puffed at the shoulders and fitted at the wrists, and a full-tiered floor-length skirt.

Redwan E. David of Whiteville was his son's best man. Ushers were Phillip David, brother of the groom, Dr. George Everhart of Greenville, brother-in-law of the groom, Johnnie Herring, brother of the bride, and Paul Georgis of

Whiteville, friend of the groom.

Reception

Following the ceremony, the parents of the bride hosted a reception at the church. Mr. and Mrs. Jimmy Freeman of Lumberton attended the register.

Lie down and be counted.

In America, 3% of the people give 100% of all the blood that's freely donated.

Which means that if only 1% more people—maybe you—became donors, it would add over thirty percent more blood to America's voluntary blood stream.

Think of it. But forget arithmetic. Just concentrate on one word.

The word is Easy.

Giving blood is easy. You hardly feel it (in fact, some people say they feel better physically after a blood donation).

And, of course, everybody feels better emotionally.

Because it's a great feeling knowing your one easy blood donation has helped up to five other people to live.

So how about it, 1% of America? Are you going to lie down and be counted?

BNC Introduces The TimeBond

The Bank of North Carolina, N.A. has introduced a new savings certificate called the TimeBond. It was announced Wednesday by president James G. Lindley.

Lindley noted that "The TimeBond is a discounted savings certificate which has several unique features not available from any other financial institution in North Carolina. It has flexible, extended maturities up to 15 years—and, for larger amounts, is available in negotiable or bearer form."

"The discounted feature allows our customers to deposit substantially less than the maturity value of the certificate," Lindley stated. "For

example, a deposit of \$73 will grow to a maturity of \$100 in five years; and TimeBonds are available in six maturity values ranging from \$100 to \$20,000."

Lindley also said, "In addition, the three largest denomination TimeBonds are available in the form of bearer certificates, which we are calling Super TimeBonds. The Super TimeBond is not registered to a specific purchaser. Therefore, ownership can be transferred without notifying the bank. This makes them ideal for gift-giving or resale, and effectively eliminates a penalty for early withdrawal."

BANK of NORTH CAROLINA Announces The TimeBond™ A Unique Savings Certificate

THERE'S NOTHING LIKE IT AT ANY OTHER BANK

The BNC TimeBond is a unique savings certificate that lets you determine the amount of your deposit, because you choose the date of maturity. The TimeBond offers options that aren't available with any ordinary savings certificate.

You deposit less than the certificate's final value. The amount of deposit is determined by the length of maturity. For example, you can buy a \$100 TimeBond with a 15 year maturity for just \$38. Or, you can buy a \$5,000 TimeBond with a 10 year maturity for only \$2,362. (See complete table below.)

You choose the maturity date, from five years to as long as fifteen years. Only you can know when the need for a child's education, retirement, or major purchase will arise.

You can save with TimeBonds even if you don't have large amounts to deposit. TimeBonds are available in denominations as small as \$100 or as large as \$20,000.

TimeBonds accumulate interest at the highest rates allowed by law for savings certificates. And the interest is compounded daily.

Only Bank of North Carolina offers you this whole new way to save.
