# School Food Service Association Meeting

By Shelby Kilpatrick  
District 13 Dietitian  
District 13 of the N.C. School Food Service Association held its annual meeting on October 27, 1978 at East Duplin High School, Beulaville.

Attendance records show that all seven counties in the district were represented as follows: Bladen 21, Brunswick 4, Columbus County and Whiteville City 28, Duplin 70, Pender 19, New Hanover 10, Sampson and Clinton City 107, for a total of 259 members present.

Joseph Harrell, Youth Advisory representative from Kinston spoke to the group about his YAC activities and encouraged School Food Service personnel to work for development of a youth advisory committee in individual schools. Joseph displayed a very enthusiastic and encouraging attitude about his duties.

Chapter reports indicated that each county unit has an organized and active chapter. Mrs. Wanda White, President of the Pender County Chapter, reported having a regular meeting every month. The Whiteville City Chapter report given by President, Mrs. Rhonnie Regan, revealed that 100% membership was present for the annual meeting! Sampson County's Chapter has the largest membership and also the greatest attendance for the meeting.

Dr. Alice S. Scott, R.D., President of the N.C. Dietetics Association, was the featured program speaker. Her address stressed the nation's dietary goals and their implications in the diets of both adults and children. She identified these goals briefly as 1) to avoid overweight, 2) to reduce consumption of refined sugars and

increase consumption of natural sugars in raw fruits and vegetables, 3) reduce the consumption of animal fats in the diet, and 4) to decrease the consumption of salt. In her remarks she stressed the importance of

School Food Service personnel to set a good example in their own nutritional habits due to the tremendous influence and responsibility that they have for our children and school personnel.

During a luncheon in the school cafeteria, which was provided by Institutional Foods of Raleigh, Rebecca Smith, NCSFS President-elect, of Goldsboro City Schools, spoke to the group concerning mem-

bership responsibilities and opportunities. Hostesses for the day were the East Duplin School Food Service ladies who performed beautifully to make the meeting an enjoyable success.

## Farmville Hosts Clinton In 3-A Playoffs

The Clinton Dark Horses rose up from a long sleep through the weak East Central schedule to smack White Oak 15-14 in the first round of the Eastern District 3-A playoffs. The Horses of Coach Bobby Robinson were just what their name proclaimed. They rose up to beat a team that shut them out during the season 16-0. . . Good, smart, sound football.

The Horses travel to Farmville, according to the News and Observer, this Friday night to take on the Jaguars of Farmville. Coach Gene Brewer's Farmville eleven blasted number-one-ranked Tarboro 56-12 in another 3-A first round playoff game. According to the N&O, Farmville, or any other 3-A team, did not belong on the field with Tarboro. . . Tarboro

was already the state champs. Special note - Clinton has knocked Farmville from the playoffs in each of the last two years by outstanding performances. I'm of the opinion that Clinton IS the Dark Horse of this game. . . in more ways than one. JLC
