Dog Vaccination Clinic Set

Dog clinics for vaccination against rabies are to be held Friday, April 27 and Saturday, April 28th, Health officials announced.

Rabies occurs in dogs and foxes more commonly than other animals although it has infected raccoons, skunks, opossums and other small animals. Bats are also carriers of the dread disease. Any person bitten by a rabid animal or a bat should see

their family physician immediately for anti-rabies immunization and prevention of death. Rabies (hydrophobia) is a fatal disease if not treated immediately. Parents should be concerned because most dog bites affect children. Remember that rabies is fatal. See your doctor if bitten. Confine a biting dog for 10 days. Turn in all stray dogs to the county dog warden by phoning the

sheriff's office. Get your dog vaccinated.

The following three categories of dogs are due vaccinations this year: all unvaccinated dogs four months old or older; all dogs vaccinated in 1978 that are wearing silver tags; and all dogs vaccinated in 1976 that are wearing red tags.

The General Statutes of North Carolina require that the dog be vaccinated and

that they display the vaccination tag at all times.

Dog Rabies Clinics are scheduled as follows:

Friday, April 27 - Dr. Blanchard Veterinarian at Wells Livestock Market, Wallace, 4 to 6 p.m.

Saturday, April 28 - Dr. Blanchard, Veterinarian - Brices Store, 8:30-9:30 a.m.; Rose Hill - Old Elem. School Site, 9:45-11 a.m.; and Greeneyers Town Hall, 11:15 to 12:15 p.m.

Saturday, April 28 - Dr. Taylor, Veterinarian - Beaufort Store, 8-8:30 a.m.; Calypso-Old Calypso School Site, 8:45-9:15 a.m.; Faison - Old Faison High School Site, 9:30-10 a.m.; Bowdens at Parker's Store, 10:15 - 10:45

a.m.; Warsaw - Old Jr. High School Site, 11-12 noon; Scott's Store, W.E. Waller Store, 1:15-1:45 p.m.; and Albertson, Bursell Holland's Store, 2-2:30 p.m.

Dr. J.M. Barden, Jr., Veterinarian - Rockfish Community Building (Hwy. 41 West) 7:30-7:45; Rockfish Community at Dixon's Grocery (Hwy. 41 West) 8-8:30; Magnolia, Old Elem. School Site, 8:45-9:30; Kenansville at Kenan Auditorium, 10 - 10:45; Sarecta Fire Dept., 11-11:30; Potters Hill at Quinn's Store, 11:45 - 12:15; Beulaville, Ray Smith's Store 12:30; Pountaintown, 3-3:30; Lyman, 3:45-4:15; Pin Hook, 4:30-5; Hallsville, Jake Bptic's Grill, 5:15-5:45.

Warsaw And Kenansville Receive FmHA Funding

Third District Congressman Charlie Whitley announced Monday that the Farmers Home Administration has approved a loan of \$598,000 and a grant of \$883,000 for the town of Warsaw.

The funding, according to Whitley, will be used to construct a 2,000,000 gallon elevated storage tank, a deep well, and 82,000 linear feet of 12", 6" and 4" diameter waterline. The town plans to make improvements to provide better water service and to replace worn out lines.

The system, Whitley said,

presently serves some 1,120 residential and commercial users.

Whitley also announced approval of a loan of \$170,000 and a grant of \$365,500 for the town of Kenansville.

This funding, according to Whitley, will be used to con-

struct a deep well with a 150,000 gallon storage tank and include 6" and 8" waterlines to serve the present users in addition to 72 new customers. The system, Whitley said, will serve a total of 371 residential and commercial users.

Rose To Speak In Kenansville

Tom Rose, Lundy professor of the philosophy of

business at Campbell College, is to speak at a meeting of the Business Industrial Associates of Kenansville at its meeting of 7 p.m. April 25. Speaking on the subject "Unions and the American Economy -- An Historical Outlook," he will treat also the economics of the employee-employer relationship, considering what employers can do to foster productivity and economic growth.

Professor Rose, who is founder and director of the Institute of Free Enterprise Education, Dallas, Texas, is at Campbell as visiting professor under sponsorship of Campbell's Burtows T. and L. Lundy Chair of the Philosophy of Business. He issues occasionally a regional column of commentary on society, economics, and international affairs. His experience as writer and journalist has included service as managing editor of Christian Economics. The latest of his three books is a textbook, Economics: Principles and Policy from a Christian Perspective, published in 1977.

Avery Tuten

E.E. Smith Student Selected For Junior High All State Band

Avery Tuten, a tuba player from E.E. Smith Junior High School, has been selected to participate in the N.C. Junior High All-State Band. Avery was selected as a result of auditions held at Cape Fear High School April 7th. He competed against tuba players from all over the south central part of the state.

Avery, who is in the 9th

grade, has had a distinguished career in music. Originally a trumpet player, he changed to baritone horn last year and captured the first chair position at Duplin's All County Jr. High Band. Late last year, he switched again, this time to tuba, and marched with the James Kenan District Band. This year he captured first chair on Tuba in the Senior High All County Band and is

regarded as one of the best brass players in the county. Avery is also the first band student from this district ever to make an All State Band.

The N.C. Junior High All State concert will be held in Elizabethtown on May 6th. The public is invited.

Avery is the son of Mr. and Mrs. Curtis Tuten of Magnolia.

Thefts Reported In County

Math Winners

Joseph Willson, Rose Hill High School, and Joseph Willson, third place in Algebra II, and James Kenan senior Bennie Roberts qualified for the state math contest at the second annual high school mathematics contest April 5th at East Carolina University.

By Joe Lanier

Four thefts were reported to the Sheriff's Department from widely dispersed areas of the county last Wednesday.

Dulon A. Wallace of Route 2, Rose Hill, said he lost five or six pigs weighing 100 pounds each from a pen on Rural Road 1954 near Rose Hill. He valued them at \$260.

David A. Johnson of Route

2, Beulaville, reported the loss of hams, sausage and other meat valued at \$300.

Randy Usher of Route 1, Rose Hill, lost three AM-FM radios from his tractor which were parked in a field near Rose Hill. He valued the equipment at \$900.

Johnny Lee-Mills of Route 1, Fink Hill, lost a Springfield-Savage rifle from his body shop near Rumblewood Golf Course. It was valued at \$150.

NEW BETA CLUB MEMBERS - The Warsaw Junior High Beta Club inducted twenty-five new members into its club Thursday. The induction was held with Open House at the school. New members inducted were: top photo, left to right, first row - Carl Flynn, Suzanne Riddick, Carla Quinn, Kim Jones. Second row - Pam Boyette, Debrah West, Leanne House, Clarette Sutton, Patricia Williams.

Third row - Julie Smith, Kelly Houston, Angelene Williams, Veronica Frederick and Cassandra Hodges. In the bottom photo members are, left to right, front row - Nick Middleton, Dane Laney, Ray Cooke, Shaun Hancy, Mitchell Kernstine. Back row - Ernest Knowles, Steve Harrell, Thomas Faison, Todd Bowden, Timothy Moore, Tommy Boyette, Mitchell Quinn.

Roof Problem Solved

The problem of a roof that failed to meet contract specifications appears to have been solved by agreement of town of Wallace and the contractor during a meeting Thursday night.

The problem emerged the engineering company, Henry von Oesen & Associates of Wilmington found the cement for the roof of a new pump house for the Wallace water system did not meet strength specifications.

The contract with Central Builders of Roanoke, Va., called for a strength of 3,000 pounds per square inch. The eight-inch-thick slab of reinforced concrete tested only 2,000 to 2,100 pounds per square inch, according to the engineers.

During the meeting and discussion, Mayor Charles Farris directed town attorney Richard Burrows, public works director Tom Davidson, Mack Sykes of S.&W. Concrete Co. and Jack Henderson of Central Builders to offer solutions.

The group offered three proposals. Accepted by the Board of Commissioners on a 3-1 vote was the proposal that the town receive a 100 percent credit on the roof amounting to \$1,500 and a five-year warranty against structural failure.

Voting for the proposal were Commissioners Thomas Townsend, Arnold Denton and Harry Carlton. Commissioner Lloyd Boone voted against it, and Commissioner Willie Biggs was absent.

Davidson recommended approval by the Board. Bud Andrews of the engineering firm had recom-

mended that the town accept the roof after the contractors applied a silicone weather seal, and a five-year bond for \$2,500. A third proposal was to rip off the roof and replace it with cement meeting specifications. Henderson said his firm had ordered cement of 3,000 pounds per square inch strength.

The pump house is part of an extensive Wallace water system project nearing completion.

In another aspect of public utility improvement, the Board received an anticipated time schedule for its 201 Facilities project for sewage treatment plant and sewer lines from the von Oesen firm.

After the presentation, Farris said, "This looks beautiful. Now tell me how much it is real."

The anticipated schedule calls for: May 1 - Environmental Protection Agency to notify district congressman of grant award; May 7 - EPA to make grant offer to town; May 15 - Town to accept offer and give engineer the contract; June 1 - engineer to begin final plans and specifications; Aug. 1 - completion of plans and specifications and submission to state; Oct. 1 - plans approved by state and forwarded to EPA. EPA to advertise for "negative declarations;" Dec. 1 - final plans approved; Dec. 15 - project advertised for bids; Jan. 20, 1980 - bids opened; Feb. 15, 1980 - contract awarded; March 15, 1980 - construction to start; March 14, 1981 - construction completed.

Wallace is in what Carlton called a "no growth" situation because special permits

from the state are required for any new sewer hook-ups.

In other action, the Board directed Burrows to draw up an agreement freeing Wallace of any liability if it agrees to a Rose Hill request that the Wallace police dispatcher handle Rose Hill calls from 5 p.m. to 8 a.m. on a phone installed and paid for by the town of Rose Hill.

Rotary Student Of The Month

Glenda Bryan

Glenda Bryan, senior at James Kenan, has been chosen Rotary Student of the Month for the Warsaw-Kenansville Rotary Club. Glenda has been active in the activities since coming to James Kenan from Gates County High School. Extracurricular activities and honors include President of the Magnolia UMYF, Goldboro District youth delegate to the Methodist Conference, scorekeeper for boys' basketball team, assistant

scorekeeper for James Kenan girls varsity basketball team, attended the 1978 LASER, is director of the youth choir for Magnolia United Methodist Church pianist for Carlton United Methodist Church. She is president of the National Honor Society, was the N.C. delegate for the National Rural Electrification Coop. Assoc. Youth Consulting Board, Pep Club member, Tiger mascot for Varsity football team and scorekeeper for Varsity Boys' basketball team.

She is the daughter of Mr. and Mrs. Everett Bryan of Magnolia. She plans to attend Campbell College and major in corrections and/or guidance.

DEMOCRATIC PRIMARY MEETINGS

The Democratic Primary meetings will be held at every polling place in Duplin County at 9 p.m. Thursday, April 19th. These meetings will elect precinct delegates, county committee delegates, precinct election inspectors and precinct elective judges.
