HELLO, BOSS.

Everybody here would like to say one thing to you today. "We appreciate your business, Boss!" You see, at Branch Banking and Trust we've known for some time how

why the big ad now? It's simple. At a time when personal service has all but disappeared, we want you to know it's alive and well at BB&T. That means when you want to look for ways to earn more on your savings—or get more out of your checking—we won't leave any stone unturned. When you want to talk about a loan, we'll listen. And we'll try to help you get it. Because everybody works a little

harder when they know they're working for the Boss. In fact, to make sure we never forget who's important to us around here,

Not because we expect signs and buttons to convince anyone of anything. When you've got the kind of people we have—people who are committed to their communities and their neighbors—that isn't necessary.

But because we want the whole world to know that personal service is a thriving business at BB&T—and you're at the heart of that business. Because you're the Boss.

THE BOSS'S CAR.

I KNOW WHO'S BOSS. **IT BEAT 'EM THE BOSS.**

The one on the left is the one who's important you are to our organization. That's the reason why we've always made you Boss here.

Always. But if it's always been that way,

We're decorating our office so everyone knows who's boss. We're distributing Boss badges, bumper stickers and signs at all our offices.
