CARING STARTS WITH TEENAGERS - Warsaw's young people are busy organizing a group of teenagers who care. The group cares about their town and the county, and one way the Teenagers Who Care are showing their pride is by painting litter cans. To help this group of young people get started, local businesses have donated empty drums, paints and paint brushes. Under the leadership of Claudia Laney of Warsaw, the group will paint the drums with cartoon characters and flowers and sell the finished product. All money raised by the group

will be spent on future projects and the Warsaw Recreation program. The group has also been entered in a Neuse River Council of Governments beautification contest. Any teenager wishing to join the group can obtain further information by contacting Mrs. George Laney in Warsaw.
