East Central 3-A

School Football Roundup

Calypso - Football Coach Billy Byrd's James Kenan Tigers traveled to a football-minded community located five miles off 117 between Faison and Mount Olive and were handed a 13-0 shutout to start the 1980

Machine of North Duplin High School.

Both teams played a fairly good brand of country defense, but the offense was something to be desired. Reb Coach Kenneth Avent will always give you your money's worth but I'm sure he was not pleased with the job against Byrd's Tigers. Coach Byrd, likewise, was very disappointed with his club's blocking and tackling. "We are going right back to the basic fundamental part of football called blocking and tackling," Byrd said. "We are not a team yet. We have got to jell together or we can look out."

Coach Byrd did not want to single out anyone at this time for their individual performances, good or bad, but in my own opinion, after thirty years on the sidelines, Steve Kornegay has to be the best young quarterback to come along in the East Central Conference in over 20 years. Hopefully he can develop enough to give the Tigers a strong shot at the conference title. My only observation is that you can't depend on "look out" plays or throw the ball from flat on your back and come out a winner.

Please, if you read this junk, forgive me for the personal shot, but, oh how many... full many a flower blushes unseen and wastes its sweetness in the desert air."

Byrd's Tigers open their home schedule this coming week against East Carteret, and let's hope the contact has become a part of the game of a week ago. James Kenan has too much talent to flounder around and not get the job done.

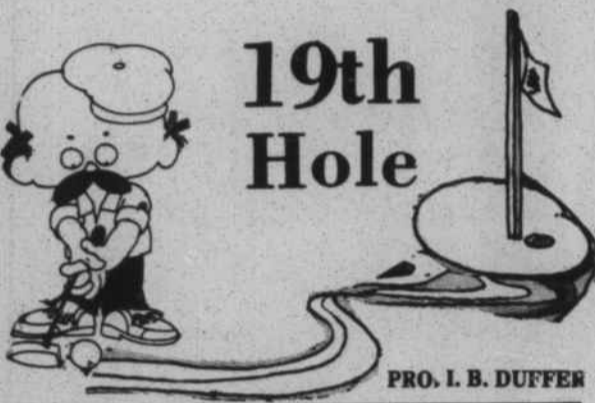

The perennial East Central champs from over Clinton way completely destroyed Farmville 41-7 in their opener, and it looks, not only from the Farmville game, like the Horses will take the ECC crown once again without much effort. Coaches throughout the ECC claim the Dark Horses are as good as anybody in the East. Pender High, the only team in the ECC that I thought might give Clinton a little run for the championship, was knocked off last week by a weak 4-A Laney High of New Hanover County.

East Duplin dropped their second straight last Friday night as their archrivals from over Richlands way tripped them 26-12. Coach John Wulzyn's Panthers were defeated 31-6 in their opener last week at North Duplin. In other East Central action, the Blue Devils from over Deep Run way fell to their cousins from the North, 40-12. North Lenoir sent the Blue Devils down to their second straight defeat.

Support your team.

ND-JK In Action Friday Night

19th Hole

PRO. I. B. DUFFER

Lakewood Pro Doug Smith once again reminds club members to get a playing partner and sign up for the Member-Guest Golf Tournament to be staged at his club Saturday and Sunday, September 13-14. The annual Member-Guest is about one of the top activities put on by the club during the year. Area golfers who have an opportunity to play in the tournament will find a few new wrinkles and you will find the greens very smooth and easy to putt on. Smith also reports breakfast (ham biscuit and donuts) will be prepared for golfers to start the tourney and a good ole fashion cook-out Saturday night. Get your partner now.

Quote of the Week: You played poorly on the first five holes to set me up. CP. DCC. 1980.

Duplin's Fat Cat Review news letter includes a Steak Fry for members and guests Saturday night, September 20. Bring your own steaks, the club will have the rest. Hosts are: John Comans, Sherman Futchs and Everett Pages. All members are urged to come out and enjoy an afternoon at the club with other members... maybe you don't know. The Cat also reads that the swimming pool will be open for a few more weekends until cool weather.

Duplin Pro Bill Howe announces another Superball Golf Tournament, a very popular thing at DCC, has been set for Sunday, September 28. Shotgun start at 1:15 p.m. All members, including the ladies and young people, are invited to play.

Pro Bill Howe reports the Duplin club championship will begin sometime during the month of September with a completely different format than in the past. Watch the 19th Hole for the arrangements.

Dear Big D: Appreciate your little note about reading my mess. I'm glad you mentioned the first time you won the club championship defeating the Eagle with a fat 78. I asked Finnie and he said, "Never in this world." Well, he's been a little out of it as of late with the big wedding down Rose Hill way. Lakewood's Member-

Guest is this coming weekend, and I know he will shine.

The Duplin Country Club tournament committee announces that the club championship will kick off Wednesday night, September 24th with a social hour and pig picking beginning at 7:30. Pairings and format will be announced at that time. All interested members are urged to sign up in the Pro Shop prior to that date.

The Teen Dance at Duplin last Saturday night - full house - good dance - enjoyed by all. Tremendous success.

Fore.

James Kenan JV Defeats Clinton

The James Kenan junior varsity football squad scrambled for a 14-8 victory over the Clinton Darkhorses last week at James Kenan.

JK Coach Micky Benton commended the junior

varsity Tigers for their team effort in the game with Clinton. Scoring touchdowns for the Tigers were Tim Moore and Audie Bronson. Moore scored on a pass, and Bronson, a defensive back, intercepted a pass and ran 40 yards to score.

Clinton's only touchdown of the night came after the Darkhorses steadily moved down field to the two-yard line where the ball was run in to score.

YOUR ELECTRIC BILL IS GOING TO BE A WHOPPER THIS MONTH.

Granny's electric bill almost doubled this month... and yours is going to be a lot higher, too. CP&L, who supplies electricity to your co-op, raised its base rate.

On top of this, two of CP&L's nuclear plants were closed for modifications to meet new standards, so CP&L had to burn expensive coal and oil instead.

Then, when the weather got so hot, CP&L had to buy extra power from other sources at premium prices. So everybody has to pay more.

Your bill may come down a little in a couple of months, but in the long run, energy costs are going to keep rising. We're just going to have to learn to cope.
