

Home and Garden

By Kenneth M. Teeter
Duplin Asst. Agricultural
Extension Agent

Hollow Brown Stems and Poor Quality in broccoli, cauliflower and even cabbage are often caused by boron deficiency. Turnips will respond to low boron by producing a discolored area in the root and bronzing of the leaves. These plants require more boron than most of our soils normally have. Home gardeners desiring to add boron to the soil may purchase 20-Mule Team Borax from the local grocery store. Two tbsps. of borax can be mixed with 3-4 cups of fertilizer and applied to 100 feet of row. Borateem, another soap powder, may also be used, but at 1/2 the rate of borax.

Check Your Camellias now as they are beginning to set a crop of new flower buds. You may find some that need an early disbudding where buds are thickly clustered on the

stem. By removing side buds and leaving choice tip buds to form, you will secure a much larger and better shaped blossom.

Bulbs such as lilies can be moved at this time, just as soon as the leaves have browned and died down. Bulbs for fall plantings should be ordered within the next few weeks. Sit down with a good garden catalog or visit a local garden center and make up your order before the selections have been picked over. In planting your bulbs for the best landscape effect, plant groups of bulbs in between shrubs or scatter bulbs in wooden areas to naturalize them. Avoid planting bulbs straight lines; soldiers are found marching in straight lines, but not bulbs. Maintenance is easier around walks and drives if they are not lined with bulb beds.

Open Letter To

Kenansville Precinct Democrats

On September 10, I will have the privilege and duty as Kenansville Precinct Democratic Party Chairman to cast a vote for the appointment of a member of the Duplin County Board of Education. In the very near future, it is rumored to be September 1, Mrs. Pat Broadrick will resign from the Board of Education since she and her family are moving. Her replacement must come from one of five precincts - Kenansville, Rose Hill, Magnolia, Warsaw or Faison.

In discussing this appointment with several other members of the Duplin County Democratic Executive Committee, as well as other good Democrats throughout the County, I have had many of them state that they felt the new member should come from the Kenansville Precinct.

Several reasons have been expressed by them which include (1) the Warsaw Precinct already has a member on the Board of Education in Mr. Jimmy Strickland and has a member on the Duplin County Board of Commissioners in Mr. William Costin. (2) the Faison Precinct has just had a native son, Mr. L.S. Guy Jr. appointed as the new Superintendent of the Duplin County School System. (3) the Rose Hill Precinct has a member on the Duplin County Board of Commissioners in Mr. D.J. Fussell, and (4) the Kenansville Precinct is the third largest precinct in the County only exceeded by Wallace and Warsaw, and (5) in 1984, the Fifth District will have the opportunity to elect someone to represent this position on the Board of Education.

Now is our time. Several other Precinct Chairmen have pledged their support to me if we have a qualified candidate from the Kenansville Precinct. If you are, or if you know of someone who is interested in serving on the Duplin County Board of Education, please contact me by no later than Monday, August 31, 1981. All candidates will be reviewed for qualifications and then a nominee will be selected by the Kenansville Executive

Committee who can gain the support needed from throughout the entire County in order to be elected by the Democratic Executive Committee. Hopefully this process will not discourage anyone from seeking the position and this process is not required to be followed if one desires the position. However, if we unite behind one strong, qualified candidate then we stand a good chance of getting someone appointed from the Kenansville Precinct.

Yours for a better Duplin,
Woody Brinson

Democratic Party
Chairman

Chairpersons Named

The North Carolina Chapter, Cystic Fibrosis Foundation announces the following "Kiss Your Baby" Campaign chairpersons in Duplin County: Albertson - Mrs. Sandra H. Lee; Calypso - Mrs. Virginia Hines; and Teachey - Mrs. Mike Henderson.

The campaign is an annual appeal for funds to help children with cystic fibrosis and other lung-damaging diseases. Cystic fibrosis is the most serious of all long-damaging diseases. Inherited by one in every 1,600 American children, it is incurable and ultimately fatal.

The CF Foundation supports vital research into the cause of CF and a cure or control for the disease. It also supports specialized clinical care for individuals with CF and related diseases in over 120 CF Centers in the U.S., including two in North Carolina. These centers specialize in the diagnosis and treatment of cystic fibrosis, chronic bronchitis, severe asthma, bronchiectasis, and recurrent pneumonia. The Foundation also conducts nationwide and local professional and educational programs designed to foster early diagnosis and treatment which extends and improves the lives of all lung-damaged children.
