Avoid Directory Assistance Charges

A few years back, you probably didn't think twice about calling the operator for directory assistance (DA) instead of looking up the number in your phone book.

However, because the cost of providing directory assistance is significant, state regulatory commissions in recent years have allowed phone companies to pass some of these costs to the people who use the service rather than spread the costs among all telephone users.

Today, telephone customers in North Carolina are allowed up to five free local DA calls each month or billing period. If you exceed this, the company will charge you 20 cents for

each additional call.

Until recently, you also had an allowance for long-distance DA calls within the state. Now, because of a statewide long-distance rate hike that went into effect last year, all telephone customers in the state are charged 20 cents for each in-state DA call they make.

Previously, you could make up to five free long-distance DA calls in your same area code each billing period. If you exceeded this allowance you were charged 20 cents a call. However, because of a matching provision, you also were allowed one free DA call for each long-distance call you completed in your

same area code. Previously, you were not charged for in-state DA calls outside your area code.

This plan changed last fall when the Utilities Commission granted a request for increases in rates for statewide long-distance services, including DA calls. Effective Sept. 27, 1983, in-state long-distance DA charges of 20 cents a call apply, with no allowances and no long-distance matching.

For now, your long-distance directory assistance calls outside of the state are still free, but that may change. AT&T has filed a tariff with the federal communications commission requesting permission to charge customers for each DA call they make. AT&T says the charge is needed to cover its cost for access to the local network, where customers' DA calls are switched to AT&T's long-distance operators. A final decision from the FCC is pending.

To avoid paying DA charges, follow the company's advice and use the phone book. It's also a good idea to jot down frequently called numbers and keep them near your phone.

Alexander Graham Bell was a fan of fast speeds. His hydrofoil boat set a world water speed record in 1919, when Bell was 72, by topping 70 miles per hour.

Facts About The **BIBLE** *BY JOHN LEHTI*

HOW THE LORD TOOK CARE OF ISRAEL IN THE WILDERNESS...
 AS MOSES HAD EXPLAINED TO THE ISRAELITES THE LORD WOULD FEED THEM WITH FLESH TO EAT IN THE EVENING--SO, IN THE MORNING, WOULD HE FEED THEM WITH BREAD....

AND, SURE ENOUGH, IN THE LIGHT OF MORNING THE GROUND CAN BE SEEN TO BE COVERED WITH LITTLE, ROUND, OBJECTS...

...AS THE PEOPLE GATHER THE FOOD, MOSES INSTRUCTS THEM THAT THIS SHALL BE THEIR BREAD FOR A LONG TIME TO COME, AND THAT THEY MUST GATHER IT EVERY MORNING, ENOUGH FOR EACH PERSON TO LAST OUT THE DAY! AND NOW THE PEOPLE NAME THIS FOOD "MANNA".

...SO ONCE AGAIN ALL THE PEOPLE HAVE BEEN CARED FOR BY THE LORD IN THE TRYING DAYS OF THE WILDERNESS. ALL OF WHICH HAS BEEN RECORDED IN EXODUS 16.
